

GOVERNORS ROW OVER DRY LAWS

STATE'S BANKS ARE \$3,000,000 OVER RESERVE

Largest Surplus Reserve in
Year Is Shown in Latest
Statement of Banks

DEPOSITS KEEP UP

Small Decrease During Sum-
mer Months Is Regarded as
Highly Favorable by
Officials

North Dakota state banks had a total reserve of \$10,555,000.18 on September 30, 1923, which was \$3,101,163.45 more than the legal reserve required, and represented an increase over the amount of reserve on hand in the banks on June 30, according to an abstract of comparative statements of the 641 state banks and four trust companies answering the state examiner's call for a statement of the condition of the banks as of September 30, 1923.

During the period between the two last calls, from June 30, 1923, to September 30, 1923, the loans and discounts of the state banks decreased \$655,346.53, representing liquidation throughout the state.

The abstract shows that deposits have changed comparatively little in the last year. On September 15, 1922, total deposits were \$92,638,725.10, on June 30, 1923 they were \$91,467,408.28 and on September 30, 1923, \$91,267,825.50. The showing on deposits is regarded as very good, particularly the small decrease between last June 30 and September 30, which is usually a period of heavy withdrawals because farmers are meeting labor, threshing and other bills during that period.

TWO MINERS SAVED FROM UTAH CAVE-IN

Three Others Believed To Be
Mangled Under Rocks of
Metal Mine

Bingham, Utah, Oct. 19.—Mangled and crushed by tons of rocks and wedged under heavy timbers, the bodies of three miners are still held in the cluttered metal mine, while two others, Joseph Norden and Jose Ratalaza, saved by the choice of fate, are basking in Utah's sunlight.

Norden and Ratalaza were rescued shortly before midnight last night, and taken immediately to the sun and fresh air. Ratalaza was unconscious, but Norden sustained minor leg bruises.

Crouched under upper reaches of the mine, the two men waited in terror while the underground avalanche struck squarely above them and split, passing harmlessly to each side and sweeping the slope clear of timbers. Then with lights gone, with tools buried under the cave-in and with an occasional fall of rock from the darkness above to the darkness below the men began their 56-hour vigil.

It was almost mid-forenoon yesterday when the rescuers received any intimation that any of the entombed men were alive. By noon they were able to hear faint voices and by evening they were able to learn at least two were alive. From then on the work proceeded slowly because of the danger of a further cave-in, and it was not until 11:30 that enough debris had been cleared away to permit Norden to wiggle through and fall in the arms of rescuers. Ratalaza followed.

Preventorium Plan Backed

Davis Lake, N. D., Oct. 19.—Support of the project of building a preventorium at Dunseith, N. D., an institution for the care and treatment of tubercular children, was pledged at the meeting here of the Degree of Honor lodges of this district. Mr. Jerry Stevens spoke in support of the project. It was stated that the organization now has about \$4,000 on hand for the support of the tubercular sanitarium at Dunseith. An effort is being made to interest other fraternal bodies in the erection of the preventorium.

The district body elected the following officers:

Mrs. Bond of Bottineau, president; Mrs. Farland of Rugby, vice president; and Mrs. A. M. Powell of Devils Lake, treasurer. Mrs. Rebillard of Lakota, secretary.

Attending the meeting were Mrs. Frances Kuester of St. Paul, national director, and Mrs. Kate Blewett of Jamestown, grand secretary.

Rugby was named the 1924 meeting place.

NEW EDITOR

Stanley, N. D., Oct. 19.—The Stanley Bulletin has a new editor in the person of M. J. Pavlik who assumed control last Saturday.

British Heiress Weds Dad's Footman And Laughs, With Love, At Caste Lines

MRS. REGINALD DAVIES AND ONE OF HER PETS.

BY MILTON BRONNER
NEA Service Staff Writer
London, Oct. 10.—"Love boots at caste lines."

Which is a British heiress' way of telling the world—including her father—that she has married the man she loves even though he was only a footman.

British society is smiling up its sleeve, but Mr. Gen. C. A. Wilding, one of the most distinguished men in Wales, can't see the joke. For when he sat down to breakfast the other morning, opened his morning paper, and glanced at the headlines, he had the shock of his life.

His only child, Miss Carol, had run away to be married to his footman, Reginald Davies!

It was a shock that only an old British aristocrat can get.

To get the picture completely, you must remember that this is in Great Britain where society is not democratic, however the government may be. Miss Carol belongs to The Wilding family, who have owned Penbryn Hall in Montgomeryshire for centuries. Even in the days of the Stuart kings of England the Wildings were big folk. They were gentry.

The present head of the family is a distinguished soldier. He served with great honor in campaigns in Burma and Nigeria and also in the World War in which he was frequently mentioned in dispatches in the most laudatory terms.

BOY'S FOOT IS CRUSHED UNDER MOVING TRAIN

John Drennan, 14, of Bismarck Is Injured While
Boarding Train at New
Salem.

John Drennan, 14 years old, son of Bert Drennan, 530 Avenue F, suffered a painful loss of his right foot yesterday afternoon when he fell under the wheels of a freight train he was trying to board at New Salem to bring him back to Bismarck. He was given medical attention in New Salem and then brought to Bismarck on No. 4 last night and taken to the Bismarck hospital.

The boy and another had gone to New Salem the day before with some people in an automobile and after staying in New Salem overnight decided to return. They sought to board a freight train. Young Drennan, in the hospital today, told friends he did not know just how the accident happened but that he slipped while trying to board the moving train. It was said that the heel of the foot might be the boy, who is a brakeman on the Soo line, returned last night from a trip. John is one of five children in the family. He had been a first year student in the high school.

Sapiron Plan Is Considered

Fargo, Oct. 19.—The North Dakota Farm Bureau executive committee held a meeting here, but made no announcement as to its proceedings. It was an executive session called for the purpose of considering, among other things, the question of organizing a co-operative potato marketing agency along the Sapiron plan.

Those present at the meeting are: H. B. Fuller, Fargo, secretary; A. J. McInnes, Valley City, president; John Dawson, Mandan; J. M. Rasmussen, Doyon; Franklin Page, Hamilton; and Walter Reed, Fargo.

100 PERCENT FOR R. C.

Williston, N. D., Oct. 19.—Williston business men signed up 100 per cent in their annual subscriptions to the Red Cross. The workers here are more than pleased they are, 407 subscriptions having been taken before the drive was staged.

FLOOD TOLL IN OKLAHOMA PLACED AT 6

Several Others Are Missing
From Floods Which Have
Hit Various Sections

WATERS RECEDING

Rescue Work Is Redoubled As
The Crest of the Devastating
Flood Passes

Oklahoma City, Oct. 19.—With six persons known to be dead, several missing and damage to property estimated in the millions, Oklahoma today watched a recession in flood waters which have inundated many sections of the state for nearly a week.

At the crest of the high water passed gradually eastward reconstruction measures took place rapidly.

In an effort to resume train service by the end of the week the railroads which suffered damage extended only to that of farm lands have dispatched working crews to repair countless bridges and miles of track destroyed by the torrent. Scores of acres of lowland in the eastern and central part of the state is covered with water, but all danger is believed to have passed. Less than 500 persons of the thousands driven from their homes by the flood now are dependent upon relief agencies.

The drowning of two youths near Chickasha and the recovery of the bodies of two more dead victims here and a woman and unidentified man brought the total known death toll to six last night. Search is being made for five other who are unaccounted for.

CLAIMS POWER TO KEEP OPEN RAIL STATIONS

State Railroad Commission
Holds Receipt Lack Not
Sufficient for Closing

ACTION IN SIMS CASE

The state railroad commission has decided that it has the power to require a railroad to maintain a station agent where public convenience and necessity demand it even though the total receipts fall below \$12,000 a year. The case, arising out of an application of the Northern Pacific railway to close the station at Sims, involves statutory provisions with regard to the maintenance of rail-road stations, and the issue is finally expected to be settled in the supreme court. In the Sims case the railroad commission orders that the station agent be maintained.

The Northern Pacific contended, according to the decision, written by Commissioner McDowell, that having shown that the total receipts were less than \$12,000 a year, it is a liberty to discontinue the station, asserting that the North Dakota laws specifically provide that if the receipts fall below \$12,000 a year a station may be discontinued. The receipts at the Sims station in 1922, the railroad maintained, amounted to \$4,880.30.

Counsel for citizens of Sims and vicinity, taking the opposite view, contended that the statute on which the railroad based its claim referred only to stations established subsequent to the act and that the question was whether the railroad company, having enjoyed good business at a station during prosperous years, shall be permitted to add to the burden of a community by discontinuing the station in adverse years. They contended that the railroad commission still had power to order a station maintained although receipts fell below \$12,000 a year, if the road was not operating its entire property in the state at a loss. The railroad commission, reviewing many laws on the subject, took the view that it had the power to order the station continued. Numerous petitions have come from railroads to discontinue stations, the reduction to discontinue stations, the railroad contending that when business has fallen to a low point at such a station proper service can be given without an agent. Because of the numerous petitions the railroad is expected to appeal to the courts from the commission's action.

Emmons Builds New Highway

Emmons county today is to receive bids on seven additional miles of federal aid road, the stretch being between Hill and Haggen. The contract is to be for grading. Carl Myhre, assistant chief engineer of the highway commission, attended the letting.

COMMANDER OF SAXON TROOPS TO BE OUSTED

Berlin Expected to Settle Dis-
pute with State Govern-
ment by This Action

PROBLEM IN BAVARIA

May Also Remove Reichswehr
Commander, Said Under
Domination of General
Von Kahr

Berlin, Oct. 19.—It was reported here today that the dispute between the central government and the government of Saxony will be solved by the former displacing General Von Mueller, commander of the Reichswehr in Saxony, whose mode of procedure is said to have been too harsh. This action, the reports adds, will be accompanied by a rebuke to the Saxony government for its interference in the politics of the Republic.

The Saxony government also is confronted with another unpleasant prospect for it is reported it is decided to recall General Von Lossow, commander of the Reichswehr in Bavaria, who appears to be unable to withstand the domination of Dr. Von Kahr, Bavarian dictator. Such action is likely to meet strong opposition from the Saxony government and thus increase the tension prevailing between Berlin and Kahr.

Although nothing officially has been announced concerning the measures Minister of Defense Gessler proposes to take in connection with Saxony it is understood the government has determined that "the pro-Saxon hundreds" shall be disbanded by the Saxony police and if the latter are not up to the task then the troops will be used to put the Saxony military organization out of business.

U. C. T. HEAD TO BE HONORED

T. J. Lewis of Fargo, grand counselor of the U. C. T. of Minnesota and North Dakota, will be honored by a banquet when he visits the local council on November 10, an official visit. Under plans now being developed there will be a big initiation ceremony at the Elks hall, followed by the banquet which will be prepared by the Ladies Auxiliary of the organization.

'ARMY' AWAITS RETURNS FROM ITS CAMPAIGN

Liberal Response Will Help in
the Work of Helping the
Down But Not Out

Campaign headquarters of the Salvation Army is waiting for returns from several workers. There are quite a number of subscription lists left at various business places and the general chairman asks that these be completed and turned in to campaign headquarters at the Association of Commerce.

Mrs. Gale has twenty young women pledged to sell tags tomorrow. Tag day will be the closing feature of the campaign. Everyone is urged to buy a tag even though they have already subscribed. No sum can be too large or too small. The success of the campaign is dependent upon the tag-day. Tag-day should put Bismarck over the top if the response is liberal.

Not a man's virtue, but his need, is the measure of his claim upon the Salvation Army, according to Ensign Sherring of the Bismarck Corps.

"The Salvation Army does not hesitate to do what it can for the most friendless of all 'backwards'—the masses of penal institutions who are released to begin life again."

"During the last year the Salvation Army found employment for about 1,000 discharged prisoners. And here's a bitter pill for cynics: a large majority of these discharged men and women have made good when given the chance. They do come back."

"A prevented prison record is better than a cured one. The aim of the Salvation Army is to prevent crime, to irradiate the causes of crime and to generally advance moral and physical conditions in every community to the end that its prison department shall have less to do."

"There are individuals right here in Bismarck who have received from the Salvation Army either assistance and support which kept them from prison, or help which brought them to useful lives after their release."

"If you have not kicked in, do it before it is too late."

FEDERAL DRY AGENTS ACCEPT BRIBES TO ARREST VIOLATORS

Chief Prohibition Officer Declares \$80,000 Was Accepted By
Agents as Bribes, Which Was Reported as Received to
Headquarters, Making Possible Numerous
Arrests in New York

New York, Oct. 19.—The anti-climax in the federal government's double-barrelled volley fired yesterday into the wet forces of New Jersey and New York came last night with the seizure of three trucks loaded with beer entering New York from the Jersey shore in charge of two prohibition agents thought by the alleged owners of the liquor to have been successfully bribed.

The agents, after having accepted money, offered as a bribe the return of the beer to the three trucks to get well into the city before the seizure was made. Six men were arrested.

Chief enforcement officer Yellowley said this cargo was only the first of several banded by the New Jersey liquor men thought they were going to get into New York under the protection of agents.

Earlier in the day federal agents working under direct orders from Washington nabbed eleven alleged conspirators in the Hotel Pennsylvania and elsewhere, who were alleged to have used \$80,000 to bribe agents not to stop brewing in New Jersey and to let down the bars for entry into New York.

The agents in turn were making regular reports of their collections to Washington from where instructions were being issued.

The conspirators were met at the hotel, one at a time, and arrested.

Rail Body Head To Conference

Chairman Frank Millhollan of the state railroad commission will go to Kansas City Monday for a conference with railroad commissioners of other states, asked by the chairman of the Kansas Commission, following the decision of the Interstate Commerce Commission to open a nation-wide investigation into the reasonableness of freight rates on grain and grain products. The interstate commission, it was said, indicated it wished to hear the case on November 6.

BIG FLOW OF GAS STRUCK AT MARMARTH

Drillers for Absaroka Flor-
ence Oil Company Now
Down 1,450 Feet

GOING ON DEEPER

Gas with a pressure of 220 pounds has been struck at a depth of 1,450 feet in the Absaroka Florence, under No. 1 test well near Marmarth, N. D., according to W. C. Vandervoort, lease holder. It is expected that oil will be found when the drilling has progressed to a 4,200 foot level.

Drilling up to the present time has reached a depth of 3,640 feet, and it is expected that when they go about 140 feet further they will strike Dakota sand stone, a good sign of the presence of oil. At a depth of 3,950 feet Lakota sands are looked for.

In the beginning 20-inch casing was used and at present they are setting eight and a fourth inch casing will be in use before the well has reached its expected depth.

While there is much interest felt at the discovery of gas oil is the mineral sought by the prospectors. The gas, however, has been cased off and is being used as power for operating the machinery used in drilling.

The people of Marmarth are anxious to have gas discovered in sufficient quantities to furnish fuel for the city.

In the Baker vicinity, which is only a short distance from the Marmarth well, 18 gas producing wells have been found. Geologists explain that the Marmarth district is located in the same gas region as Baker and that many gas wells will undoubtedly be opened.

The North Dakota highway commission hopes to use the oil, if it is discovered, in the promoting of irrigation plans for the state. If oil in sufficient quantity were discovered it might be sufficiently cheap to be used in the carrying on of extensive irrigation in the state.

The Weather

For twenty-four hours ending at noon today.

Temperature at 7 a. m. 80.

Temperature at noon 60.

Highest yesterday 83.

Lowest yesterday 32.

Lowest last night 29.

Barometric 30.0.

Direction of wind 14.

Weather Forecast

For Bismarck and vicinity: Generally fair tonight and Saturday. Not much change in temperature.

For North Dakota: Generally fair tonight and Saturday. Not much change in temperature.

Weather Conditions

The low pressure area has moved to the Great Lakes region accompanied by heavy precipitation in that section. The high pressure area has overspread the Plains States and Rocky Mountain region accompanied by generally fair, cool weather. Some light, scattered precipitation occurs over the northern Rocky Mountain region however. Light frost occurred at most places in Iowa and Minnesota.

Orvis W. Roberts, Meteorologist.

BATTLE RAGES AT EXECUTIVES' ANNUAL PARLEY

Scenes Unprecedented in 15
Years of Sessions of Gov-
ernors Are Staged

PINCHOT LEADS FIGHT

Seeks to Incorporate Resolu-
tion Drafting Memorial to
Coolidge on Prohibition

West Baden, Indiana, Oct. 19.—(By the Associated Press)—A formal resolution pledging to President Coolidge "the fullest cooperation in the enforcement of prohibition" was adopted by the 15th annual governors' conference today after a stormy debate.

Adoption of the motion was accompanied by a tumultuous shouting and stamping during which Governor John M. Parker of Louisiana left the meeting.

The resolution was placed before the conference by Gov. Sweet of Colorado with demand for a record roll call. Its adoption, however, was by a viva voce vote.

Over \$9,000 Spent with Forks Mill to Less Than \$2,000 With Other Mills

REFUTE STATEMENT

Flour contracts awarded for state institutions between April 1 and October 1, 1923, totaled \$11,007.94, and of this amount \$9,749.69 went to the state mill at Grand Forks, according to a statement issued today by R. B. Murphy, chairman of the state board of administration, in answer to statements in Nonpartisan league newspapers.

"An article appearing in the League press recently in the matter of purchasing flour for state institutions was apparently intended to mislead rather than instruct," said Mr. Murphy, adding that "figures showing 'payments' from the State Auditor's records are misleading in that the dates of payments are from 30 to 90 days or more later than the dates of the purchases, due to routine of settlement."

He continued:

"Contracts with private flour concerns which were let October 1, 1922 (before the state mill was in operation) did not expire until April 1, 1923. Hence the state mill did not enter into competition until the latter date. For the six months beginning April 1, 1923 (which was the first date on which bids were or could be submitted by the state mill) and ending October 1, 1923 flour contracts for institutions were awarded in the total amount of \$11,007.94. Of this amount the state mill was awarded \$9,749.69, and private mills \$1,258.25. In other words, since the state mill entered into competition its contracts with state institutions have totalled 88.5 percent of the total award. In only two cases since the state mill came into competition have awards been made to private mills, and in both of these cases the spread in price amounted to 25 cents a barrel. The records further show that since the State Mill entered into competition, the Russell-Miller Milling company was awarded only one contract amounting to \$378, or about three percent of the total awards. So much for facts."

Regarding the policy of the board in the future, Chairman Murphy said: "We expect to continue asking for bids as heretofore and as contemplated though not mandatory in the law. We shall award contracts as our judgment dictates to the most advantageous to the institution. The state has not been discriminated against in the past nor will it be in the future. Neither do we feel that privately owned mills ought to be penalized in their legitimate efforts to obtain business. We have constantly been told by its founders that the function of the state mill would be to encourage rather than eliminate competition."

NOT ON PROGRAM

West Baden, Ind., Oct. 19.—Whether prohibition would be brought up again or to water-power development and railway valuation carried out was in doubt at the opening of the final session of the Governors' conference here today.

With the state executives intending to leave this afternoon on a special train for Washington, the regular program named yesterday to re-draft a memorial to President Coolidge on prohibition submitted its report.

Miss C. Riley of Madison, Wis., elected permanent secretary of the conference yesterday, stated last night that the program would be adhered to by Governor Sweet of Colorado, Pinchot of Pennsylvania, and Trinkle of Virginia, comprising the memorial committee, declared they would bring up the prohibition question as soon as the conference adjourned.

The memorial draft is said to urge the literal enforcement of the Volstead act as long as it remains a law and sets forth the specific duties of the federal government apart from the state governments in enforcing prohibition with regard to border patrol, interstate shipments and other phases falling on the federal government alone.

REBELS ARE FORCED BACK

London, Oct. 19.—Italy's army in Tripoli yesterday attacked a force of 1,500 rebels at Mount Sirt, near a Central New D speech from Rome. The rebels were dispersed leaving 44 dead, a large number wounded and considerable booty. The Italian casualties were 10 dead and 50 wounded. Italian a planes took part in the engagement, bombing rebel batteries of the rebels.

Tripoli Oct. 19.—Italian forces in Tripoli have completed several "mopping up" operations against the rebels, recapturing the district south of Sirt and Misratah.

The rebels suffered losses amounting to more than 400, while the Italian side only a few native troops were wounded.

GOVERNORS ROW OVER DRY LAWS

STATE'S BANKS ARE \$3,000,000 OVER RESERVE

Largest Surplus Reserve in Year Is Shown in Latest Statement of Banks

DEPOSITS KEEP UP

Small Decrease During Summer Months Is Regarded as Highly Favorable by Officials

North Dakota state banks had a total reserve of \$10,356,908.18 on September 30, 1923, which was \$3,101,635.55 more than the legal reserve required, and represented an increase over the amount of reserve on hand in the banks on June 30, according to an abstract of comparative statements of the 641 state banks and four trust companies answering the state examiner's call for a statement of the condition of the banks as of September 30, 1923.

During the period between the two last calls, from June 30, 1923, to September 30, 1923, the loans and discounts of the state banks decreased \$635,346.52, representing liquidation throughout the state.

The abstract shows that deposits have changed comparatively little in the last year. On September 15, 1922, total deposits were \$92,638,725.10, on June 30, 1923 they were \$91,467,408.28 and on September 30, 1923, \$91,267,825.80. The showing on deposits is regarded as very good, particularly the small decrease between last June 30 and September 8, which is usually a period of heavy withdrawals because farmers are meeting labor, threshing and other bills during that period.

TWO MINERS SAVED FROM UTAH CAVE-IN

Three Others Believed To Be Mangled Under Rocks of Metal Mine

Bingham, Utah, Oct. 19.—Mangled and crushed by tons of rocks and wedged under heavy timbers the bodies of three miners are still held in the clutches of stone No. 20 of the Utah-Apex metal mine, while Superintendent Joseph Norden and Jose Ratalaza, saved by the choice of fate, are basking in the sunlight.

Norden and Ratalaza were rescued shortly before midnight last night and taken immediately to the surface. Ratalaza was untouched and Norden sustained minor leg bruises.

Crouched under the only solid set of timbers in the upper reaches of the stope these two men waited in terror while the underground avalanche struck squarely above them and split, passing harmlessly to each side and sweeping the stope clear of timbers. Then with lights gone, with tools buried under the cave-in and with an occasional fall of rock from the darkness above to the darkness below the men began their 66-hour vigil.

It was almost mid-forenoon yesterday before the rescuers received any intimation that any of the entombed men were alive. By noon they were able to hear faint voices and by evening they were able to learn at least two were alive. From then on the work proceeded slowly because of the danger of a further cave-in and it was not until 11:30 that enough debris had been cleared away to permit Norden to wiggle through and fall in the arms of rescuers. Ratalaza followed.

Preventorium Plan Backed

Davies Lake, N. D., Oct. 19.—Support of the project of building a preventorium at Dunseith, N. D., an institution for the care and treatment of tubercular children, was pledged at the meeting here of the Degree of Honor lodges of this district. Mrs. Jerry Stevens spoke in support of the project. It was stated that the organization now has about \$4,000 on hand for the support of the tuberculosis sanitarium at Dunseith. An effort is being made to interest other fraternal bodies in the erection of the preventorium.

The district body elected the following officers:

Mrs. Bond of Bottineau, president; Mrs. Farlane of Rugby, vice president; and Mrs. A. M. Powell of Devils Lake, treasurer. Mrs. Rebillard of Lakota, secretary.

Attending the meeting were Mrs. Frances Kuester of St. Paul, national director, and Mrs. Kate Blawett of Jamestown, grand secretary.

Rugby was named the 1924 meeting place.

British Heiress Weds Dad's Footman And Laughs, With Love, At Caste Lines

MRS. REGINALD DAVIES AND ONE OF HER PETS.

By MILTON BRONNER
NEA Service Staff Writer
London, Oct. 19.—"Love hoots at caste lines."

Which is a British heiress' way of telling the world—including her irate father—that she has married the man she loves even though he was only a footman.

British society is smiling at its sleeve, but rig. Gen. C. A. Wilding, one of the most distinguished men in Wales, can't see the joke. For when he sat down to breakfast the other morning, opened his morning paper, and glanced at the headlines, he had the shock of his life.

His only child, Miss Carol, had run away to be married to his footman, Reginald Davies!

It was a shock that only an old British aristocrat can get.

To get the picture completely, you must remember that this is in Great Britain where society is not democratic, however the government may be. Miss Carol belongs to The Wildings who have owned Penbryn Hall in Montgomeryshire for centuries. Even in the days of the Stuart kings of England the Wildings were big folk. They were gentry.

CLAIMS POWER TO KEEP OPEN RAIL STATIONS

State Railroad Commission Holds Receipt Lack Not Sufficient for Closing

ACTION IN SIMS CASE

The state railroad commission has decided that it has the power to require a railroad to maintain a station agent where public convenience demands it.

The commission today held a hearing on the case of the Northern Pacific railway to close the station at Sims, involves statutory provisions with regard to the maintenance of railroad stations, and the issue is finally expected to be settled in the supreme court.

In the Sims case the railroad commission orders that the station agent be maintained.

The Northern Pacific contended, according to the decision, written by Commissioner McDonnell, that having shown that the total receipts were less than \$12,000 a year, it is at liberty to discontinue the station, asserting that the North Dakota laws specifically provide that if the receipts fall below \$12,000 a year a station may be discontinued. The receipts at the Sims station in 1922, the railroad maintained, amounted to \$4,880.20.

Counsel for citizens of Sims and vicinity, taking the opposite view, contended that the statute on which the railroad based its claim referred only to stations established subsequent to the act, and that the question was whether the railroad company, having enjoyed good business at a station during prosperous years, shall be permitted to add to the burden of a community by discontinuing the station in adverse years. They contended that the railroad commission still had power to order a station maintained although receipts fell below \$12,000 a year, if the road was not operating its entire property in the state at a loss.

The railroad commission, reviewing many laws on the subject, took the view that it had the power to order the station continued. Numerous petitions have come from railroads to the state commission for permission to discontinue stations, to reduce operating expenses, the railroads contending that when business has fallen to a low point at such a station proper service can be given without an agent. Because of the numerous petitions the railroad is expected to appeal to the courts from the commission's action.

ROY PENNELL SHOOT'S SELF ACCIDENTALLY

Roy Pennell, prominent farmer residing about nine miles southeast of Bismarck, accidentally shot himself this afternoon. No exact details have yet been learned, but it was thought that Pennell had been hunting when the accident occurred.

Deputy Sheriff Robert Phelps and the deputy county

Mr. Pennell is said to be about 46 years of age by friends who know him. He is a widower and made his home with his mother, Mrs. Maria Pennell on 12th street, a part of the time. He has two sons, William, a brakeman on the Northern Pacific railroad with a run out of Mandan and a son Lawrence, who made his home with him on the farm. When not employed on the farm Mr. Pennell ran a wood yard in Bismarck. He was a pioneer of Bismarck and Burleigh county.

COMMANDER OF SAXON TROOPS TO BE OUSTED

Berlin Expected to Settle Dispute with State Government by This Action

PROBLEM IN BAVARIA

May Also Remove Reichswehr Commander, Said Under Domination of General Von Kahr

Berlin, Oct. 19.—It was reported here today that the dispute between the central government and the government of Saxony will be solved by the former displacing General Von Mueller, commander of the Reichswehr in Saxony, whose mode of procedure is said to have been too harsh. This action, the reports adds, will be accompanied by a rebuke to the Saxony government for its interference in the politics of the Republic.

The Sternemann government also is confronted with another unpleasant prospect for it is reported it is decided to recall General Von Lossow, commander of the Reichswehr in Bavaria, who appears to be unable to withstand the domination of Dr. Von Kahr, Bavarian dictator. Such action is likely to meet strong opposition from the Bavarian government and thus increase the tension prevailing between Berlin and Munich.

Although nothing officially has been announced concerning the measures Minister of Defense Gessler proposed to take in connection with Saxony it is understood the government has determined that "the proletarian hundreds" shall be disbanded by the Saxon police and if the latter are not up to the task then the troops will be used to put the extremists military organization out of business.

U. C. T. HEAD TO BE HONORED

T. I. Lewis of Fargo, grand counselor of the U. C. T. of Minnesota and North Dakota, will be honored by a banquet when he visits the local council on November 10, on an official visit. Under plans now being developed there will be a big initiation ceremony at the Elks hall followed by the banquet which will be prepared by the Ladies Auxiliary of the organization.

'ARMY' AWAITS RETURNS FROM ITS CAMPAIGN

Liberal Response Will Help in the Work of Helping the Down But Not Out

Campaign headquarters of the Salvation Army is waiting for returns from several workers. There are quite a number of subscription lists left at various business places and the general chairman asks that these be completed and turned in to campaign headquarters at the Association of Commerce.

Mrs. Gale has twenty young women pledged to sell tags tomorrow. Tag Day will be the closing feature of the campaign. Everyone is urged to buy a tag even though they have already subscribed. No sum can be too large or too small. The success of the campaign is dependent upon the tag-day. Tag-day should put Bismarck over the top if the response is liberal.

Not a man's virtue, but his need, is the measure of his claim upon the Salvation Army, according to Ensign Shering of the Bismarck Corps.

The Salvation Army does not hesitate to do what it can for the most friendless of all "backwards"—the inmates of penal institutions—who are released to begin life again.

"During the last year the Salvation Army found employment for about 1,000 discharged prisoners. And here's a bitter pill for cynics: a large majority of these discharged men and women have made good when given the chance. They do 'come back'."

A prevented prison record is better than a cured one. The aim of the Salvation Army is to prevent crime, to irradiate the causes of crime and to generally advance moral and physical conditions in every community to the end that its prison department shall ever have less to do.

"There are individuals right here in Bismarck who have received from the Salvation Army either assistance and support which kept them from prison, or help which brought them to useful lives after their release. If you have not kicked in, do it before it is too late."

Emmons Builds New Highway

Emmons county today is to receive bids on seven additional miles of federal aid road, the stretch being between Hall and Hague. The contract is to be for grading. Carl Myhre, assistant chief engineer of the highway commission, attended the letting.

FEDERAL DRY AGENTS ACCEPT BRIBES TO ARREST VIOLATORS

Chief Prohibition Officer Declares \$80,000 Was Accepted by Agents as Bribes, Which Was Reported as Received to Headquarters, Making Possible Numerous Arrests in New York

New York, Oct. 19.—The anti-climax in the federal government's double-barrelled volley fired yesterday into the wet forces of New Jersey and New York came last night with the seizure of three truck loads of beer entering New York from the Jersey shore in charge of two prohibition agents thought by the alleged owners of the liquor to have been successfully bribed.

The agents, after having accepted money, offered as a bribe accompanied the beer to "ward of the police" and permitted the three trucks to get well into the city before the seizure was made. Six men were arrested.

Chief enforcement officer Yellowley said this cargo was only the first of several hundred the New Jersey liquor men thought they were going to get into New York under the protection of agents.

Earlier in the day federal agents working under direct orders from Washington nabbed eleven alleged conspirators in the Hotel Pennsylvania and elsewhere who were alleged to have used \$80,000 to bribe agents not to stop brewing in New Jersey and to let down the bars for entry into New York.

The agents in turn were making regular reports of their collections to Washington from where instructions were being issued.

The conspirators were met at the hotel, one at a time, and arrested.

Rail Body Head To Conference

Chairman Frank Mikhollan of the state railroad commission will go to Kansas City Monday for a conference with railroad commissioners of other states, asked by the chairman of the Kansas Commission, following the decision of the Interstate Commerce Commission to open a nationwide investigation of the reasonableness of freight rates on grain and grain products. The interstate commission, it was said, indicated it wished to hear the case on November 6.

SAYS N. D. MILL GETS MOST OF FLOUR ORDERS

Over \$9,000 Spent with Forks Mill to Less Than \$2,000 With Other Mills

REFUTE STATEMENT

Flour contracts awarded for state institutions between April 1 and October 1, 1923, totaled \$11,007.94 and of this amount \$9,749.69 went to the state mill at Grand Forks, according to a statement issued today by R. B. Murphy, chairman of the state board of administration in answer to statements in Nonpartisan league newspapers.

"An article appearing in the League press recently in the matter of purchasing flour for state institutions was apparently intended to mislead rather than instruct," said Mr. Murphy, adding that "figures showing 'payments' taken from the state auditor's records are misleading in that the date of payments are from 30 to 90 days or more later than the dates of the purchases, due to routine of settlement."

He continued:

"Contracts with private flour concerns which were let October 1, 1922 (before the state mill was in operation) did not expire until April 1, 1923. Hence the state mill did not enter into competition until the latter date. For the six months beginning April 1, 1923 (which was the first date on which bids were or could be submitted by the state mill) and ending October 1, 1923 flour contracts for institutions were awarded \$11,007.94. Of this amount the state mill was awarded \$9,749.69, and private mills \$1,982.25. In other words, since the state mill entered into competition their contracts with state institutions have totaled 88.5 percent of the total award. In only two cases since the state mill came into competition have awards been made to private mills, and in both of these cases the award in price amounted to 25 cents a barrel. The records further show that since the State Mill entered into competition, the Russell-Miller Milling Company was awarded only one contract amounting to \$378, or about three percent of the total awards. So much for facts."

Regarding the policy of the board in the future, Chairman Murphy said: "We expect to continue asking for bids as heretofore and as contemplated though not mandatory in the law. We shall award contracts as our judgment dictates to be the most advantageous to the institution. The state mill has not been discriminated against in the past, nor will it be in the future. Neither do we feel that privately owned mills ought to be penalized in their legitimate efforts to obtain business. We have constantly been told by its founders that the function of the state mill would be to encourage rather than eliminate competition."

The Weather

For twenty-four hours ending at noon today:

Temperature at 7 a. m. 50.

Temperature at 3 p. m. 53.

Highest yesterday 53.

Lowest yesterday 32.

Lowest last night 29.

Precipitation 0.

Highest wind velocity 14.

Weather Forecast

For Bismarck and vicinity: Generally fair tonight and Saturday. Not much change in temperature.

For North Dakota: Generally fair tonight and Saturday. Not much change in temperature.

Weather Conditions

The low pressure area has moved to the Great Lakes region accompanied by heavy precipitation in that section. The high pressure area has spread the Plains States and Rocky Mountain region accompanied by generally fair, cool weather. Some light, scattered precipitation occurred over the northern Rocky Mountain region however. Light frost occurred at most places in Iowa and Minnesota.

Orrie W. Roberts, Meteorologist.

Says N. P. Favors Co-Op Marketing

Grand Forks, Oct. 19.—The policy of the Northern Pacific railroad officials is declared by H. H. Ellsworth, traveling freight agent, as being in favor of co-operative marketing as a means of solving the farm problem of the northwest.

To further the carrying out of this policy, Mr. Ellsworth interviewed officials of the North Dakota Wheat Growers association here regarding methods of operation of the organization, and especially concerning the principle involved.

Officials of the system, he declared, are in favor of this method of marketing grain and other farm products in the belief that it is a step in evolutionary progress of economic development, rather than a revolutionary step.

BATTLE RAGES AT EXECUTIVES' ANNUAL PARLEY

Scenes Unprecedented in 15 Years of Sessions of Governors Are Staged

PINCHOT LEADS FIGHT

Seeks to Incorporate Resolution Drafting Memorial to Coolidge on Prohibition

West Baden, Indiana, Oct. 19.—(By the Associated Press)—A formal resolution pledging to President Coolidge "the fullest cooperation in the enforcement of prohibition" was adopted by the 15th annual Governors' conference today after a stormy debate.

Adoption of the motion was accompanied by a tumultuous shouting and stamping during which Governor John M. Parker of Louisiana left the meeting.

The resolution was placed before the conference by Gov. Sweet of Colorado with demand for a record roll call. Its adoption, however, was by a viva voce vote.

West Baden, Ind., Oct. 19.—The scheduled program of the conference of Governors was disrupted today by debate on the prohibition question and scenes unprecedented in the 15 years of the organization marked the closing session.

AGRICULTURE DISCUSSED

West Baden, Ind., Oct. 19.—Agriculture, prohibition, penal reforms and uniformity of state legislation were considered yesterday by the fifteenth annual governors' conference, here to discuss national problems.

The first session yesterday, presided over by Governor J. M. Dixon, of Montana, was devoted to a paper on wheat marketing and finance by Governor R. A. Nestos, of North Dakota, in which he urged immediate relief measures by the federal government for the exclusive wheat farmer.

In the general discussion of agriculture, which followed the addresses, Governor A. J. Groesbeck, of Michigan, moved the appointment of a committee of nine by the conference to formulate a program of relief legislation for presentation at the next session of congress. After a protracted debate the question was put over on the ground that it has been the policy of the governor's conferences to refrain from making suggestions to other government branches.

NOT ON PROGRAM

West Baden, Ind., Oct. 19.—Whether prohibition would be brought up again or the arranging program devoted to water-power development and railway valuation carried out was in doubt at the opening of the final session of the Governors' conference here today.

With the state executives intending to leave this afternoon on a special train for Washington the regular program must be abandoned if the committee named yesterday to re-draft a memorial to President Coolidge on prohibition submits its report.

Miles C. Riley of Madison, Wis., elected permanent secretary of the conference yesterday, stated last night that the program would be adhered to while Governor Sweet of Colorado, Pinchot of Pennsylvania, and Trinkle of Virginia, comprising the memorial committee, declared they would bring up the prohibition question as soon as the conference met.

The memorial draft is said to urge the literal enforcement of the Volstead act as long as it remains a law and sets forth the specific duties of the federal government apart from the state governments in enforcing prohibition with regard to border patrol, interstate shipments and other phases falling on the federal government alone.

REBELS ARE FORCED BACK

London, Oct. 19.—Italian columns in Tripoli yesterday attacked a force of 1,500 rebels at Mount Surata, says a Central News dispatch from Rome. The rebels were dispersed, leaving 44 dead, a large number wounded and considerable booty. The Italian casualties were 10 dead and 50 wounded. Italian airplanes took part in the engagement, bombing rebel batteries of the rebels.

Tripoli, Oct. 19.—Italian forces in Tripoli have completed several "mopping up" operations against the rebels, recapturing the district south of Siltan and Misrata.

The rebels suffered losses amounting to more than 400, while the Italian side only a few minor streams were wounded.

PLANS ROUND WORLD TOURS FOR WOMEN

Miss Keely Says Its Most Fascinating Work in World to Pilot Travelers

BY MARIAN HALE
NEA Service Writer.

New York, Oct. 18.—An opportunity to meet the world's leaders of their sex is now open to the women of America.

At the same time comes the additional opportunity of seeing the world.

Both are afforded through the first round-the-world tour for women exclusively, to be conducted by Edith H. Keely of New York. The tour will start from this city on November 1.

Miss Keely has planned this venture after having gained experience in piloting parties through the orient and South America.

"Travel is the most fascinating, as well as the most enlightening, shall I say work—in the world," says Miss Keely. "Of course it is work for me, for I have the itineraries, trunks and railroad connections on my mind. But I find myself always thinking of the women with a fairly limited income."

"I believe if more women who find life dull would invest less heavily in clothes and more heavily in travel, they would be surprised at the increased pleasure they could extract from the same amount of money."

"There are," she hastens to add, "women who are fortunate enough to do both. But I find myself always thinking of the women with a fairly limited income."

Women leaders in political and social life in such countries as Italy, Palestine, Egypt and the orient will be asked to meet and address the members of this first women's world tour. Besides, the tourists will have the rare opportunity of seeing and studying the people and problems of other countries, particularly those problems that are faced by women.

"If you have ambitions of becoming that elusive, indefinable, clever specimen of humanity known as the woman of the world," Miss Keely concludes, "an excellent way of realizing this is to pay your little home planet a visit."

SUMMONS
STATE OF NORTH DAKOTA, County of Burleigh, In District Court, Fourth Judicial District.

Midland Insurance Co., Plaintiff, vs. John J. Velure, John J. Velure and J. R. Velure, Defendants.

The State of North Dakota to the above named defendants:

You are hereby summoned and required to appear and answer the complaint of the plaintiff herein, a copy of which complaint is hereto attached and herewith served upon you, and to serve a copy of your said answer upon the undersigned at his office in the City of Bismarck, North Dakota, within thirty (30) days after the service of this summons upon you, and in case of your failure to so appear and answer, plaintiff will take judgment against you by default for the relief prayed for in his said complaint.

This giant Sperry searchlight has a range of 30 miles and was used to illuminate the aviation field at St. Louis during the international air races held there recently as a beacon for night flyers.

duly assigned to The Minnesota Loan and Trust Company, as trustee under the Last Will and Testament of William H. Dunwoody, Deceased, which said assignment was duly recorded in the office of the Register of Deeds of said Burleigh County, North Dakota, on the 23rd day of April, 1915, in Book 135 of Mortgage, on Page 448; will be foreclosed by a sale of the premises in such mortgage and hereinafter described, at the front door of the Court House in the County of Burleigh, State of North Dakota, at the hour of 2 o'clock p. m., on the 20th day of October, 1929, to satisfy the amount due upon such mortgage on the day of sale.

The premises described in such mortgage and which will be sold to satisfy the same are situated in the County of Burleigh, State of North Dakota, and described as follows, to-wit:

The Southwest Quarter (SW 1/4) of Section Two (22) in Township One Hundred Forty One (141), Range Seventy Eight (78), containing 160 acres, more or less, according to the Government survey thereof.

There will be due upon such mortgage on the date of sale for principal and interest together with the taxes paid by the assignee of the mortgage, a sum of Seventeen Hundred and Eighty Dollars (\$1780.00), together with the costs of this foreclosure and statutory attorney's fees.

FRANK B. FREEMAN
Attorney for Assignee,
Grand Forks, N. D.
10-20-27-10-4-11-18-25

SAYS U. S. CAN HELP EUROPE

Grand Forks, Oct. 18.—"If Europe will accept our proposals we can lead Europe out of its quagmire, otherwise we cannot," said Senator Simon D. Fass of Ohio, discussing the European situation before the annual convention of the Northeastern section of the North Dakota Teachers' Association today.

The great question in Europe is the divergent economic interests of England and France and this cannot be settled by conferences, the Senator said. England is interested in a market for her food while France's great object is to obtain reparations from Germany for her losses, he said.

BLUES, ORIOLES PLAYING TODAY

Kansas City, Mo., Oct. 18.—The Baltimore Orioles and the Kansas City Blues, champions respectively of the International League and the American Association, were greeted by bright sunlight as they opened the fourth game of the series here this afternoon. The game has been postponed four times because of rain or wet grounds.

SEES GOOD TURN

Washington, Oct. 18.—Reports of a more favorable turn in the agricultural situation in the Northwest were presented to President Coolidge today by Julius R. Barnes, President of the Chamber of Commerce of the United States, and L. H. Shaw, editor of the Billings, Montana, Gazette.

Pawnbrokers Are Erecting New Home

London, Oct. 18.—London pawnbrokers are going up in the world. The latest example of this is the erection of an eighteenth century guild building among the many other famous guilds of London.

The pawnbrokers will moreover in the future co-operate on a plan similar to the old guilds and will live up to the reputation of the guilds, by

—AND DOING NICELY, THANK YOU

A careless hunter got into all this trouble as shown in the picture. With back broken, blow dislocated and otherwise torn and mangled, J. W. Doherty, his owner, at first was advised to shoot him. Instead a veterinary surgeon was called, and, ensuring the helpless dog in plaster cast and splints, the vet soon had him to a point of recovery where he can now do everything but dance, eat and write his letter.

having elaborate annual dinners in observance of all the holidays peculiar to their race.

The town in London has an ancient record going back to the thirteenth century when the Lombard merchants were great money-lenders and played the chief part in the exchanges and money brokerage shops of those days. They kept up connection with the wealthy Italian republics.

The pre-eminence of the Medici family at Florence in commercial and financial matters caused the London merchants to adopt part of the arms of this house as a trade sign, from which comes the familiar three golden balls.

WORK OF BOY SCOUTS SHOWN IN EXHIBITS

Fine Window Displays Arranged Downtown to Inform Public of Boys' Work

Excellent window displays showing what Boy Scouts do have been arranged by Boy Scouts of the Bismarck troops, under the direction of their leaders.

Two large windows at Hoskins store are used to show the camp fire of the Boy Scouts, the exhibits including numerous photographs as well as displays of actual camping equipment used.

There is a fine display of merit badges in the windows of Klein's Toggery, Fifth and Broadway. Under the Scout rules boys earn merit badges for performing definite duties and for increasing their learning in Scout matters.

Another display in the windows of S. E. Bergeson and Son will show Scout equipment, wearing apparel and also indicate how the rank is distinguished.

There are three Boy Scout troops in the city at the present time: at the Baptist, Methodist, Episcopal and Presbyterian churches. S. O. LeBaron is master of the first-named troop, E. M. Dunn of the Methodists and F. J. Grady of the Presbyterians.

J. J. MacLeod, boys' welfare director, is in charge of the "Boy Scout troops at those in charge of them in every way possible, and has supervised their summer camps."

In Hoskins' window is a fine picture of the first Boy Scout camp on Apple Creek. Last year the camp was held at Lake Isabelle, and next year it is proposed to have a two-weeks' camping trip in the Black Hills of South Dakota, with boys of all troops making the trip under proper supervision.

The exhibits downtown are arranged to give the people generally an insight into Boy Scout work, and especially boys who are not members. Any boys desiring to join the Boy Scouts may apply to the master of any troop.

Tennis Popular With Frenchmen

Paris, Oct. 18.—There were 13,726 players entered and 14,122 actually took place in the popular tennis tournaments organized throughout France by the French Tennis Federation during the season just closed. Several promising youngsters were uncovered who, with a few years more practice, may develop into Davis Cup-timber.

The French are very proud of the development of tennis in France of recent years. It is pointed out that for the Davis Cup matches, in 1921, 1922 and 1923, they have put on the courts an entirely different team each year.

It is a common saying in France that if the Davis Cup matches were played six men to a side, French tennis would have a chance.

Vaccinations Are Busy in Manila

Manila, Oct. 18.—With ten vaccinating parties now working under the direction of the Philippine health service, it is estimated that the systematic vaccination of the people of all the islands will be completed within seven years. The ten parties now are working in the provinces of Oriental Negros, Batangas, Ilocos Sur, Sorsogon, Samar, Albay, Zamboanga, Surigao, Capiz and Zamboanga. The average daily vaccination of each party is about 395.

In the city of Manila there is a group of 14 vaccinators, seven of whom are vaccinating children from one month to one year of age, while others are making house to house revaccination campaigns of the residents.

The salaries and expenses for all the vaccinating parties amount to \$65,200 annually. Of 419,210 vaccinations made up to July 31, 1928, 503 were positives.

Dodge Bros. Supply Special Lubricants

To protect car owners against the harmful effects of the many unsatisfactory lubricants now on the market, Dodge Brothers have compounded special brands which may be used with complete assurance of satisfaction. This applies not only to gear lubricants, but to motor oil as well.

The manufacture of these lubricants is based on the result of thorough laboratory tests covering a period of several years. Each of the lubricants is known to be ideally suited to its special purpose. Dodge Brothers car owners are therefore

urged to use these products exclusively, as this practice will add materially to the car's long life and smoothness of operation.

While Dodge Brothers motor oil is a specially compounded high-grade oil yet the price is the same as other oils. Being made according to Dodge Brothers own laboratory formula it is naturally much better adapted to their own motor than types working under vastly varying conditions.

These Dodge Brothers greases and oils may be obtained from any Dodge Brothers approved service station, at very reasonable prices. The local dealers—M. E. Gilman, are un-

If You Suffer With Piles

Don't Forget that Pyramid Pile Suppositories are the National Standard for Pile Relief.

The suppositories are simply wonderful for relieving itching, aching, burning, and all the distressing sense of pressure and enlargement to rest and sleep with comfort.

The fact that almost every druggist in the U. S. and Canada has, for over 25 years, supplied pile sufferers with these wonderful suppositories shows how high they are regarded. Take no substitutes. You can try them free by sending your name and address on the coupon below.

After Every Meal

DOWN TO A SCIENCE

In the Calumet Chemical Laboratories where the various Calumet formulas are conceived, improved and closely guarded—there's no guessing—everything must be just right—and measure up to the high standard which was set for

many years ago. This watchfulness of the ingredients that are used in making Calumet is just one of the many reasons that it has the preference in the majority of American kitchens, over hundreds of other brands. Millions of Housewives know by experience that its uniformity cannot be equalled.

For over thirty years Calumet has been aiding them to produce sweet, palatable and always wholesome bakings. That's why it is the largest selling brand on earth.

EVERY INGREDIENT USED OFFICIALLY APPROVED BY U. S. FOOD AUTHORITIES

Sales 2 1/2 times as much as that of any other brand

News of Our Neighbors

GLENCOE—LIVONA
Mrs. Minnie Wilde of Glencoe who is correspondent for the Bismarck Daily Tribune, would be glad to receive new items from residents of the Glencoe-Livona district if they are mailed to her by Tuesday of each week.

Mrs. Dave Holly has been slightly ill with a cold but is much improved.

The Baldwin school enrolled 100 per cent in the Red Cross membership drive, and the school also sent a box of toys to Red Cross headquarters for the children of the poor.

Mrs. Frank Kocher and Mrs. Morgan of the Burnt Creek district were callers in town Tuesday.

Miss Lena Baumgart of St. Paul, Minnesota is visiting friends and relatives in this district. Miss Baumgart is a Burlington county girl, but has lived in St. Paul where she has

He Won The Bet

"I was skeptical of all medicine and doctors. A friend advised me to take Mayr's Wonderful Remedy and assured me it had cured him of his stomach trouble. I didn't take any stock in it and he bet me \$50 that it would be equally successful in my case. He won the bet." It is a simple, harmless preparation that removes the harmful matter from the intestinal tract and allows the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will relieve or cure many ailments.

employment for several years. She will return to Minnesota the last of the week.

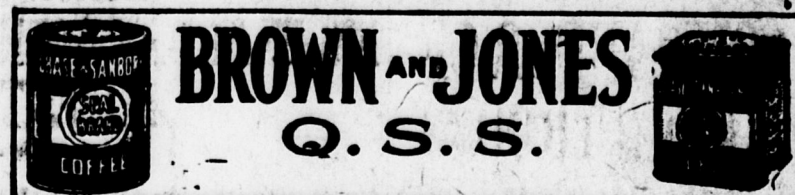

Mrs. W. C. Gehrke had for her house guest this week, Miss Olga Kruger of Bismarck.

Hans Christiansen was a caller in town the latter part of the week.

SERIOUS BLADDER TROUBLE.
"Could not stand nor sit and was forced to cry out from intense pain,"

writes Henry Williams, Jarkio, Montana. "The doctors said I had inflammation of the bladder and an operation was necessary. Tried Foley Kidney Pills and improved at once. Tell all my friends about Foley Kidney Pills as it will save many from suffering and perhaps, as in my case, a dangerous operation." Bladder and kidney trouble demand prompt treatment. Foley Kidney Pills give quick relief.

Collars of fur are novelties on winter gowns. Not only are there the regular choker effects, but sailor collars and shawl collars of fur like ermine or kolinsky.

A REAL WHOLE WHEAT TOAST

Perhaps you have given up trying to get a real whole wheat toast—That's because you have never discovered **Triscuit**, the shredded whole wheat cracker. It is 100 per cent whole wheat, steam-cooked, shredded, pressed into a wafer and baked a crisp, golden brown. It is easily digested because so thoroughly cooked, and it contains all the bran you need to promote bowel movement. It is eaten in place of ordinary white bread toast. Crisp it in the oven and butter it while it is hot. Nothing so tasty and appetizing.

ANNUAL CORN CONTEST NOV. 8.

HOPE TO FIND TUT'S MUMMY WITHIN TOMB

Work Resumed by Party to
Uncover Resting Place of
Egyptian Pharaoh

Luxor, Egypt, Oct. 19 (By the A. P.)—Preparations for lifting the 2,000 lbs. of earth, stone and wooden joists that now rest over the tomb of Tutankhamen are proceeding apace. Howard Carter and his American associates, Messrs. Candler and Burton, have reestablished themselves in their lonely concrete domiciles at the entrance to the Valley of Kings and have made a preliminary survey of the work that must be done before the inner tomb believed to contain the mummy of the Pharaoh can be opened.

The Archaeologists estimate that at least a fortnight will be required to clear away the vast heap of rubble that now shields the king from the outside world. Nearly 10 of the native excavators who helped Mr. Carter to uncover the tomb last year have been engaged at stipends which make American union wages look like fortunes. Each digger is to receive 12 cents a day with a slight bonus at the end of the season. If the Pharaoh's body is found, most of the laborers are boys from 10 to 15 but some of them are grown men who support two or three wives on their slender remuneration.

It is possible that Pharaoh Tutankhamen will be undisturbed for several weeks as the dismantling of his tabernacle of gold will require the most painstaking labor and skill. The delicate parts of the outer and inner shells will have to be treated chemically and the utmost care taken to guard them against breakage. In addition to this the entire wall shielding the sepulchre from the outer chamber probably will have to be demolished so as to permit the archaeologists sufficient room in which to work.

Wallace For Sales Plan

Grand Forks, N. D., Oct. 19.—"I am disposed to agree in a general way with your idea of the necessity for handling our surplus wheat with the aid of some government agency," writes Henry Wallace, secretary of agriculture, to Geo. E. Dais, president of the North Dakota Wheat Growers association. Mr. Wallace's letter is in reply to one written by Mr. Dais in which the latter advocated such an agency as a means of raising the tariff on wheat.

Mr. Wallace's letter continues: "I think some such agency might well be set up, provided a thoroughly practical plan could be worked out

to handle not alone our surplus wheat, but all surplus agricultural products. "It seems to me that if such a plan could be made to work, it would result in doing what is so much needed to be done, namely, getting the farmer of the world market so far as domestic consumption is concerned. "Let me assure you that this whole question is having the most thorough consideration here and I am hoping that something good will come out of this consideration."

ALPS COLLECT BIG DEATH TOLL

Geneva, Oct. 18.—The Alps take a steady toll of human life. Every summer mountain chambers come to Switzerland to scale its peaks, and every summer sets a number of tragic fatalities. Many bodies never are recovered, for the devoted mountaineers often go out alone to find his last resting place deep in an ice crevasse or at the remote base of a precipice. Accidents have been unusually numerous this year. Recently when a Swiss bank clerk named Goetsch, noted as a good climber, failed to return, searchers saw his body at the foot of a cliff. A rescue party led by a priest with 450 feet of rope, finally made the descent after 12 hours of dangerous work. They found beside the body a note saying: "Kindly bury me here."

The little funeral party rolled boulders and blocks of ice so as to

form a mound over the man, they placed an ice-axe at his head as a cross, and the priest read the burial service.

Person Herd Given Welcome Back To Minot

Minot, N. D., Oct. 19.—When the famous Guernsey herd owned by Col. E. S. Person returned to Minot last week after three months on the show circuit, bedecked with 23 grand championships and over 100 blue ribbons, the dairy blue bloods were paid an extraordinary tribute by the Minot Rotary club and Mayor W. M. Smart.

A special session of the Rotary club was held at the Person farm where each member of the prize winning string was "decorated" and officially decreed "North Dakota's Best Asset." To a spray of flowers around their horns was attached the following document: "Having explicit faith and confidence in your unfailing ability to make northwestern North Dakota the garden spot of the world; "Recognizing the splendid accomplishments you have attained in gaining the leadership of your family, not only in North Dakota but throughout the entire central states; "Realizing the remarkable attention you have focused on Minot, the Mouse River valley and northwestern North Dakota, we, Winfield M.

Smart, mayor of Minot, and Henry M. Wilson, president of the Minot Rotary club, join in officially decorating and decorating you North Dakota's Best Asset.

It is the will of Minot that you be officially decorated and this document be engrossed in the records of the city of Minot. (SEAL) "W. M. SMART, Mayor of Minot. "H. M. WILSON, Pres. Minot Rotary." The Person herd was entered at fairs at Hamlin, Des Moines, Mason City, Rockwell City, Waterloo, Sioux City, Decorah, Iowa, Aurora, Ill., Huron, S. D., as well as Minot, Fargo and Grand Forks, N. D.

WEATHER CHANGES CAUSE SICKNESS

Extreme changes of weather during Fall cause many colds and coughs. For quick relief from throat, chest and bronchial trouble, coughs, colds and croup use Foley's Honey and Tar. Contains no opiates—ingredients printed on the wrapper. Largest selling cough medicine in the world. "Foley's Honey and Tar" is the most pleasant and efficient remedy for coughs and colds that I ever saw," writes Wm. Jones, El Paso, Illinois.

WANTS SESSION

Senator Burton E. Wheeler of Montana has just returned from a trip to Russia, and has urged an extra session of Congress to accord recognition of the soviet government.

O. E. Olson and son Harold of the Arnold district were callers in town Saturday night.

Richard Bomer was a Sunday visitor at the Bill Miller home near Arnold.

Mrs. Olaf Lindin has returned home from Lisbon where she was called by the serious illness and death of her father, Mr. Emery Clark. Mr. Clark at one time lived in this district not far from the Borkhart farm.

Cecil Mount has gone to Clearbrook, Washington where he will spend several months. He went in his Ford roadster.

The Baldwin school enrolled 100 per cent in the Red Cross membership drive, and the school also sent a box of toys to Red Cross headquarters for the children of the poor.

Mrs. Frank Koehler and Mrs. Morgan of the Burnt Creek district were callers in town Tuesday.

Miss Lena Baumgart of St. Paul, Minnesota is visiting friends and relatives in the district. Miss Baumgart is a Burlington county girl, but has lived in St. Paul where she has

He Won The Bet

was a member of a medical society and a bet was made that he would cure a case of stomach trouble. He didn't take any stock in it and he won the bet. It was a simple harmless preparation that removed the harmful mucus from the intestinal tract and allowed the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince you of its value.

For Sale At All Drugstores.

employment for several years. She will return to Minnesota this week.

Mrs. W. C. Gehrke had for her house guest this week, Miss Olga Kruger of Bismarck.

Hans Christiansen was a caller in town the latter part of the week.

SERIOUS BLADDER TROUBLE.
"Could not stand nor sit and was forced to cry out from intense pain."

writes Henry Williams, Fargo, Minn. "The doctor said I had inflammation of the bladder and an operation was necessary. Tried Foley Kidney Pills and improved at once. Tell all my friends about Foley Kidney Pills as it will save many from suffering and perhaps, as in my case, a dangerous operation." Bladder and kidney trouble demand prompt treatment. Foley Kidney Pills give quick relief.

A REAL WHOLE WHEAT TOAST

Perhaps you have given up trying to get a real whole wheat toast—That's because you have never discovered **Triscuit**, the shredded whole wheat cracker. It is 100 per cent whole wheat, steam-cooked, shredded, pressed into a wafer and baked a crisp, golden brown. It is easily digested because so thoroughly cooked, and it contains all the bran you need to promote bowel movement. It is eaten in place of ordinary white bread toast. Crisp it in the oven and butter it while it is hot. Nothing so tasty and appetizing.

THE STATE'S OLDEST NEWSPAPER
(Established 1873)

SKYWARD

An office building 80 stories high will be erected on the site of famous old Madison Square Garden in New York City. The Woolworth building is only 58 stories. From street level to its very tip-top it measures 792 feet. The new building that will eclipse it will rise toward the sky 1100 feet, which is over a fifth of a mile.

This will make it the highest man-made structure in the world, 100 feet taller than the Eiffel Tower in Paris. We wonder what the builders of the Tower of Babel would say of it. They'd probably gape.

The skyscraper, an American creation, is the result of the attempt to escape from high land values and the tribute or toll that has to be paid to them.

Land being too costly, the buildings bulge into the air instead of spreading out over a large territory.

All this is a result of congestion of population—the swarming instinct that began when men banded together for common defense against wild beasts and savage rival tribes, and which has reached its worst in our generation.

An 80-story building wonderful? Well it's a wonderful monument to our submission to a frightful economic problem—land ownership.

The airplane probably will relieve the situation by enabling men to live hundreds of miles out in the country, quickly flying to and from work, with cities abandoned except as center of trading and recreation.

To build an 80-story building solidly and equip it with elevator and other service, requires almost phenomenal skill and intelligence. The best brains today are in industry, not the arts or professions.

YOUR ENDURANCE

A nine-year-old Indian boy got lost in the dense woods near The Pas, Manitoba, Canada. He wandered for 17 days, covering at least 100 miles of wilderness, never seeing a man. Then he was found and rescued by a party of hunters.

During the 17 days, he had to fight nature face-to-face to keep alive, for when he got lost he had neither food nor supplies of any kind—not even a pocket knife.

He made a bow-and-arrow; killed enough game to keep alive. Now, the bow-and-arrow is obsolete with the Indians of this land's tribe, except as playthings, the high-power rifle having taken its place.

But if he hadn't known how to make a bow-and-arrow outfit, he'd have perished. Knowledge often seems worthless—until emergency. That's what knowledge is really for, after all—emergency. The more education, the better.

Another instance of the human body's powers of endurance: In Canton, Ohio, P. H. Hassan fell into a pool of warm asphalt. He couldn't get out. Struggled until he was exhausted. This was in the evening.

When rescuers found him next morning, the asphalt had hardened into a solid block. Hassan was firmly imbedded, only his head and right arm showing.

They had to chop him out. A terrible experience. But he lives, apparently none the worse for his experience.

The cases of Hassan and the lost Indian boy illustrate how difficult it is to extinguish the life spark. Man fights hard, can endure almost anything, when death threatens him.

BABY DEATH RATE

Seventy-five thousand Americans a year are killed by accidents, according to President Dow of National Safety Council. This should startle us into carefulness, especially since 10,000 are babies under five years, 20,000 are children under 15.

The bulk of these accidents, of course, are avoidable. The big death toll is largely due to our rush and hustle—the speed craze caused by our nervously speeded-up ways of living.

JAP EARTHQUAKE

To rebuild the devastation of the Japanese earthquake will require three times as much building materials as were used in all the army training camps (cantonments) constructed by Uncle Sam during the war.

This means that Japan is in the market for over eight million tons of building materials. A lot of it will come from America. Our building trades already are feeling the stimulus of this outside demand.

SIMPLE SPELLING

Industrial engineers in the east are launching a movement to simplify spelling. Roosevelt had the same idea, and it's a sensible one. Stenographers alone waste thousands of hours of time by needless typing of such things as "ph" where "f" would serve as well. Or "cigarette" for "cigaret" and "catalogue" for "catalog."

The supply of time and energy available for each of us is limited. Why waste any of it with useless effort?

MOTHER OF 24

In 25 years 24 children have been born to Mme. Marie Michel Grasse of France. She gets the government gold medal for the largest French family.

Why the gold medal? If every mother had as many children, the earth in a few generations would be so crowded with inhabitants that humanity would be one dense mob packed together like sardines. And think of Father's job, supporting them!

CO-OP ORGANIZATIONS

Farmers were banded together in 4925 co-operative buying and selling organization in 1921. Department of Agriculture finds. Considerable increase since then. Watch this movement grow—rapidly.

The co-operative movement, operating in many ways, eventually may be the solution of the high cost of living.

Here's Minnesota news. Forest fires raging. So are the farmers. These fires are not Magnus Johnson.

When a compressed air tank blew up at Columbia University students thought it was a professor.

Dyke broke, flooding a Florida town, and all we can hope is that it got some burglars' feet wet.

Stove exploded on an Alabama farm where all cooking is not done on a can opener.

You know, and thing about cooking with can openers is you can't sit around them to dry out.

McMillan is sending radio messages from the arctic, where weather is starting south for the winter.

Good radio news today. New generator eliminates hums. Some new programs would eliminate "Hums."

Prince of Wales danced in a Canadian hotel; but not, we'll bet, because he saw his bill.

Reykjavik, capital of Ireland, may sound as foolish as it does from shivering with cold.

Widows cannot marry in India so bachelors there are considered fairly safe from harm.

Siamese boy may play quarterback for Boston University. Lucky for him he wasn't twins.

American woman has stopped bull fighting in Cuba. Now she can worry about rat eating in China.

In Toledo, O., a boy of 18 months has a six-foot pet snake, so Dempsey may lose his title yet.

St. Louis aviation searchlight carries 20 miles and would be fine for hunting a collar button.

A successful Minneapolis business woman advises people to play poker, but she doesn't.

Pittsburg Carnegie Museum has an egg 50,000 years old, which some cafe would buy cheap.

Kansas City objects to Sunday circus. Kids do too. They won't keep you out of school.

Former prize fighter is preaching in St. Louis so he bet nobody tries to sleep in his church.

They caught a one-armed bandit in New York. Bandit work there is becoming pretty easy.

Cleveland druggists say they are not bootleggers. Then what are they? Some even may be fast.

You know, drug stores are fast becoming just old-fashioned crossroads stores moved to town.

Live fox escaped in Chicago. While at large it did not try to sell any strangers oil stock.

Cincinnati girl claims a conductor squeezed her. It will increase street car traffic there.

ADVENTURE OF THE TWINS

By Olive Roberts Barton

A strange thing happened in Squeaky-Moo Land.

Farmer Brown bought an automobile. Charlie and Bob, the farm horses, were often too tired after working all day to be driven into town at night. And Farmer Brown and Mrs. Brown liked to go to the movies.

So they got a nice little black car, shiner in a new stove, and kept it in the wood-shed.

All the Squeaky-Moo Landers gathered around to have a good look at it, and they passed remarks, you may be sure.

"Humph!" quacked Daddy Drake. "It copied my voice. A copy cat! That's what it is!"

"And it copied my eyes!" mewed Thomas Mouser. "They shine more brightly at night than they do in the day time. I should be the one to say 'Copy cat'."

"Speaking of copying," mewed Misses Cow mildly. "I hear it has a horn, although I don't see any. Perhaps, like mine, it has been cut off."

"I don't care about it copying," remarked Goosey Gander, "but I have heard that these things have dreadful ways. Whenever they meet anyone on the road, they run over him. In fact, many a time in my wanderings, I have stood directly in their path and hissed my scorn, daring them to touch a feather. But always the same thing happens—they honk impudently back at me and tear right along. If I were not a good jumper I should not be here to speak of it!"

All this time the little black automobile stood silently regarding his visitors. Never a word did it say, but a few drops of water ran down its nose and they did look like real tears.

"I think it's a shame!" said Nancy to Mister Dodger. The fairman and the Twins were near enough, as usual, to hear the whole affair.

"Never mind!" he said wisely. "Just be patient, my dear. Sometimes we have our own way to make in the world. Wait and see!"

A day or two later the Twins had reason to remember Mister Dodger's words. For all the Squeaky-Moo people had their heads together again.

"It was this way," Nancy heard Mister Dodger say. "Chuckie Chickens crossed the road and tried to cross back again. And rather than hit him, the new automobile skidded into a muddy ditch and rolled over."

Nobody Home

out again. Charley and Bob had to pull it out with ropes.

"My, my!" cried all his listeners. "Wasn't that splendid of it!"

"Say!" quacked Daddy Duck. "Did you ever notice what a fine voice it has?"

"And its eyes," mewed Thomas Mouser proudly. "They're just like mine at night."

"I'm sorry its horn has been cut off," mewed Misses Cow kindly.

"What did I tell you?" said the fairman to the Twins. "The little car has won their hearts by doing a kind act."

(To Be Continued)

VIENNA GETS FARM PRODUCTS

Vienna, Oct. 18.—Farmers' carts again are to be seen in the market squares of Vienna, a circumstance which means that the farmer today is perceiving the necessity of disposing of his products. With this will come competition, and a plentiful supply of fruits and vegetables for the city dwellers at lower prices.

Gone are the days when Vienna housewives, rain or shine, had to troop out to the farms laden with city finery for the farmers' wives which they turned over for the privilege of digging a few pounds of potatoes, while the farmer stood aloof, smoked city cigars and made sarcastic remarks.

A Thought

What are these wounds in thine hands? Then he shall answer, Those with which I was wounded in the house of my friends.—Zech. 13:6.

Animals are such agreeable friends—they ask no questions. They pass no criticisms.—George Eliot.

Training a Man-Hater

By MYRA CURTIS LANE

The Trevor women were queer, every one agreed—old Miss Mary and her niece Helen. Three days before the date set for Miss Mary's wedding she had been jilted; her lover had run away with another woman. Miss Mary Trevor had withdrawn into her house, no man had been allowed to enter it thereafter.

She was known as a man-hater. In her old age she adopted her niece, Helen. By this time Mary Trevor was a harsh, gaunt, eagle-beaked old woman, universally dreaded in the village. She walked with a masculine stride, and treated men as if they were the dirt beneath her feet.

The women lived in a wing of the Trevor home. All the rest had been shut up, left just as it was when Mary Trevor was jilted. When she adopted Helen and made her her heiress, it was understood that Helen was never to speak to a man, was to carry on her tradition of man-hatred throughout her own days.

Scandal flies quickly through a small town. At twenty-five Helen Trevor was small, pretty, with a quick, bright, timid way about her. People said it was a shame that she couldn't even have a beau.

They began to couple the name of the squire's son with hers. All eyes were in the conspiracy of observation. If the squire's son, Jim Benson, were near, it was said Helen's quick color came and went.

It was rumored that they had been seen talking on the outskirts of the town.

Everybody said that if old Mary learned of it Helen Trevor would be turned out without a penny. The old squire had nothing, and a large family to support on it. Jim Benson had a clerical job in the bank.

It would be madness to affront such old Mary Trevor.

Nevertheless the gossip persisted. Once it was said they had been seen together at a near-by town, walking hand in hand along the roads. Nothing was to be done, however. Not for a long time, at least.

Did old Miss Mary really expect to mold her niece into a man-hater like her crabbed, blither old self? She was sharp as a hawk; she watched Helen as the hawk watches behind her shade—even when the postman came or the baker called. No man had ever set foot within the precincts of the Trevor home since she had been jilted. Age was creeping on her, but instead of softening, she grew harder. She was even, folks said, suspicious of the airplanes that sometimes flew overhead, for fear that some lover of Helen's might be aboard, looking down.

It was a mania, of course—Helen grew more wilful as the summer days grew into winter. One day a whisper ran like wildfire through the town, a terrible, devastating whisper. Another day it was confirmed. After that the women watched her from behind their shades. Some turned away when she passed.

Old Mary began to watch. She began to taunt her. She grew sarcastic; then she grew sweet. Then one day her rage overflowed in a fury like a storm.

It beat down the defenses of the stammering, terrified girl, and that long, beringed, accusing finger pointed at her like a sword.

"You—!"

It was a word that had never passed Miss Mary's lips before.

"It's true!"

Helen could not speak. A mist was circling round her, out of it those terrible old eyes, blazing into hers.

"Go into the streets! Stop! Who is the man?"

The name flittered through Helen's lips.

"I shall kill him. We Trevor women are able to defend our own honor."

Suddenly Helen fell at her feet and clasped her knees. "Listen! You shall listen to me now. Jim and I are married."

"What?"

"We were married last spring in Tilton. We loved each other. We couldn't live without each other. Many a time I wanted to tell you and beg your forgiveness, but I didn't dare. Now I'm going, but I'm not alone. I love Jim, and I'm proud of him!"

She walked to the door, head up, shoulders squared. Then something in Miss Mary broke.

"Helen!"

The girl turned.

"Run and open up the rest of the house, my dear. We've been shut up in this wing too long."

NEW FIRE TRUCK ARRIVES

The new motor fire truck and other equipment for the Mandan fire department arrived yesterday. The city commissioners and firemen have been active getting the new quarters in order and the equipment ready for emergency use.

Clarence Shepherd, driver of one of the big Standard Oil company trucks, was killed yesterday.

Clarence Shepherd, driver of one of the big Standard Oil company trucks, was killed yesterday.

Clarence Shepherd, driver of one of the big Standard Oil company trucks, was killed yesterday.

PRESENT TIME GREAT AGE

In Future We Will Be Envious for Having Lived During One of the Great Periods.

Without going into the question of nationality in art, I do think we know enough from psychology at present to believe that man produces out of his subconscious mind, that that subconscious mind is the well wherein all the early impressions are stored, and that it is probable that those early impressions are the ones that influence our minds most deeply. So it seems that men will be most apt to produce permanent and valuable things when they move along their own natural lines. Learn from other people all you can, but attach that knowledge to those natural lines. It is not wise to go off on an entirely new line.

We are living in a renaissance, a time of great spiritual activity. In the future we will be envious for having lived during one of the great periods. That activity in this country has undoubtedly been increased by contact with the wonders of Europe, but let us be sure to use those things to increase our own creative activity; to use them neither merely to collect nor to copy. In the Italian renaissance this is what happened: The old things showed what man had done, and the Italians said: "We, too, are men such as these; we, too, can create;" and the world was suddenly filled with the glory of their achievements. And then knowledge increased and the creative flame burned more feebly, and the power of the objects of the antique world became greater than the power of the soul of the antique world; the shadow was taken for the substance. See Santa Maria del Miracolo in Venice, and see there the renaissance alive with creative beauty, making something never before made in just that way; the spirit speaking again through the vivid life and form. Then after long years, when man stopped dreaming and had waked up, knowing facts and forgetting fancy, see the hopeless pile of stone in Paris called the Madeleine—North American Review.

HOW TIGER KILLS BULLOCK

Breaks Animal's Neck in Odd Manner—Refuses to Fight Jungle Beasts Armed With Tusks.

The rhinoceros is a short-sighted beast, but his sense of smell is exceedingly keen. He will not, however, clash with an elephant.

The two big animals are shy of each other, although the rhinoceros is not a match for the elephant when the latter coils up his trunk out of the way and goes at the other beast with his great tusks.

The tiger, on the other hand, is no match for a rhinoceros and will not fight back. He has no weapon strong enough. The tiger is not even a match for a water buffalo.

The method of killing the largest animal he attacks—a bullock, for example—is to break its neck. Standing on his hind legs, he reaches one paw to the bullock's shoulder and the other to the lower thigh.

Then, taking the animal's neck in his jaw, he throws back his own head, jerking the neck of the bullock up and over and cracking it. Asia Magazine.

How to Repair Fountain Pen.

Secure a silk thread as finely as possible. Then coat the section, covering the crack with alcoholic solution of shellac. Before the shellac sets, wrap the section with the silk thread as uniformly as possible, and with all the tension that the thread will stand, making no provision for the ends of the thread except to smooth them down well in the setting shellac. After this shellac is dry, which will only require a few minutes, the job can be finished by covering the thread with another layer of shellac. The part thus repaired will be the strongest point in the pen, and if it be the barrel of the pen, it will be absolutely necessary that the shellac be light, for if it is heavy it will not make a neat job, whereas if it is too light it will set before the pen has a chance to give the place a second coat, when the first has half set.

Pulsations of the Earth.

It has been proved that, in addition to the many tremors due to seismic or earthquake influences which the delicate instruments detect, there are certain pulsations that seem to have some other origin. Some of these are diurnal, and are probably due to the influence of the sun and the weather on the ground. In wet weather the sides and bottom of a valley carry a heavier load than the bounding ridges; in dry weather the case is reversed.

Diplomacy.

The Young Bride (looking in window of jewelry store). George, I'd love to have that bracelet.

The Husband—I can't afford to buy it for you, dear.

The Bride—But if you could, you wouldn't you?

The Husband—I'm afraid not.

The Bride—Why?

The Husband—It isn't good enough, dear.

The Bride—Oh, you darling—Life.

A Real Tragedy.

He—We have missed the boat. We shall have to stay until the latter part of the week.

She—Horror! I only brought seven dresses and now I shall have to wear some of them twice.—Boston Transcript.

Circus Play.

Small Child—You the trained nurse mamma said was coming?

Nurse—Yes, dear, I'm the trained nurse.

Small Child—All right. Let's see you do some of your tricks.

A.W. LUCAS CO.

"BISMARCK'S BUSY SHOPPING CENTER"

Are You Prepared to Meet Winter?

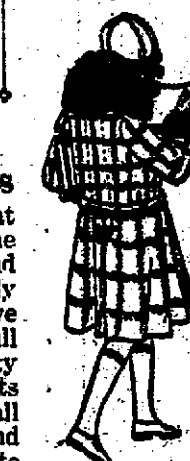

The snappy days of Fall bring with them a breath of approaching winter and a realization of the need of warm clothing. There are Wraps and Dresses and Hats and Scarfs and half a thousand other things to be purchased for your young daughter and yourself before the first snow storm. This month will surely be a busy one but this Store is fully prepared to make shopping easy.

Topcoats to take with One for Pleasure

A Topcoat is just the thing for the football season. Then there are hikes, and beef steak fries, and motor rides which really demand one of these Coats. Some of the fabrics used hail straight from Scotland and one realizes from the touch of them how nice and woolly they are.

Coats that are Serviceable and Attractive

Every smartly-dressed woman finds it's desirable to be able to slip into an attractive cloth Coat when it's stormy weather or shopping day. These Coats with their soft colors and rich pile fabrics are very becoming as well as serviceable.

HATS

that Meet Dress Needs

Fashion outdoes herself in her gift of Hats this season. In her Chapeaux for all occasions what an attractive medley of fabrics, new colors, clever trimmings. These for dress show a very gratifying variety of shapes in panne velvet, satin and hatter's plush.

\$5.00

WINDOWS

Need New Dressing Now

At housecleaning time when Curtains are washed and Draperies freshened isn't it remarkable how rooms are brightened? Think what entirely new Curtaining will do for your home. New chintz, linen and terry cloth hangings for bedrooms; velvet, velvet and taffeta Draperies for the entertaining rooms and crisp ruffy Curtains for the kitchen are on the list here. The Curtain Drapery Section can solve every window problem a house could possibly have. Several model windows are always on display for the inspection of customers.

\$3.75 to \$7.75

HOSE

Famed for Smart Colors

Hose that best perform their fashion duties are colored to blend with new costumes. These show all the newest greys, tans and browns, and are of splendid quality.

\$2.50

PERKY HANDKERCHIEFS

A perfect horde of Hankies should be everyone's possession. Always needed, no one has too many. Exquisitely embroidered ones of fine linen or swiss. Dainty trifles of silk colored squares with just a hint of design. A wonderful assortment to select from.

25c to \$1.00

Of course, we also have all kinds of plain handkerchiefs for men, women and children.

Dressing The Little Folk of Every Family

These precious little people who go to school, who play so hard, who just mean so much all around—must have new clothes, warm clothes, for Jack Frost time. These are splendid wearables for chubby little girls' and boys' playtime indoors, their games outdoors, school and dress-up time.

Every coat, dress, suit or piece of underwear has been made for real comfort, real service and real good looks. Bob's and Mary's mother should see these things now before first cold winds begin to nip.

Winter Coats—at from \$7.50 to \$12.50.
Hats to Match the Coat \$1.75 and \$2.00.
Corduroy Rompers, sizes 2 to 6 at \$3.50.
Knit Caps at from 50c to \$1.00.
Woolen Sports Hose at 75c to \$1.35.

Remember! Saturday is Children's Day in the Store. Everything has been arranged to make it especially pleasant and easy to shop on that day. Bring the children in.

For Trimness Underneath SILK BLOOMERS

Slender street frocks almost demand the trimness of silk bloomers. Besides this usefulness, they are tremendously comfortable. They let one really walk. Bloomers make petticoats unnecessary in many cases and are especially practical in such dark colors as these have. The silk in them is a firm lasting kind.

\$3.95

\$2.50

PERKY HANDKERCHIEFS

A perfect horde of Hankies should be everyone's possession. Always needed, no one has too many. Exquisitely embroidered ones of fine linen or swiss. Dainty trifles of silk colored squares with just a hint of design. A wonderful assortment to select from.

25c to \$1.00

Of course, we also have all kinds of plain handkerchiefs for men, women and children.

For Trimness Underneath SILK BLOOMERS

Slender street frocks almost demand the trimness of silk bloomers. Besides this usefulness, they are tremendously comfortable. They let one really walk. Bloomers make petticoats unnecessary in many cases and are especially practical in such dark colors as these have. The silk in them is a firm lasting kind.

\$3.95

JEWELRY for Social Evenings

Accessories for evening are gay, sparkling things, long necklaces of one-color beads, novelty bracelets, fancy eardrops, pearl necklaces and lovely combs. They'll enrich a dancer's or diner's costume.

Novelty Necklaces 75c to \$3.00. Many New Bracelets 75c to \$1.50.

Fancy Eardrops 75c to \$4.00. Pearl Necklaces \$4.00 to \$7.50. Spanish Combs \$3.00 to \$6.50.

A.W. LUCAS CO.

"BISMARCK'S BUSY SHOPPING CENTER"

Are You Prepared to Meet Winter?

The snappy days of Fall bring with them a breath of approaching winter and a realization of the need of warm clothing. There are Wraps and Dresses and Hats and Scarfs and half a thousand other things to be purchased for your young daughter and yourself before the first snow storm. This month will surely be a busy one but this Store is fully prepared to make shopping easy.

Topcoats to take with One for Pleasure

A Topcoat is just the thing for the football season. Then there are hikes, and beef steak fries, and motor rides which really demand one of these Coats. Some of the fabrics used hail straight from Scotland and one realizes from the touch of them how nice and woolly they are.

Coats that are Serviceable and Attractive

Every smartly-dressed woman finds it's desirable to be able to slip into an attractive cloth Coat when it's stormy weather or shopping day. These Coats with their soft colors and rich pile fabrics are very becoming as well as serviceable.

A Sweater Suggestion

There's no friend like a sweater. New silk ones are in blouse effect with full sleeves ending in tight cuffs. One of them will be fine for the football games you're going to and perfect for dress, also. It may be richly embroidered and of a brand new, gay color.

Smart Neckwear Wins Many a Frock Success

In this day of the lace-trimmed dress, how nice it is to rip one collar off and have another fresh to slip on. Frills, tailored bits of daintiness, straight collars and round ones. Have you been introduced to them all? Indeed, they have powers to transform a frock from tailored type to afternoon dress, and vice versa.

75c to \$3.00

Dressing The Little Folk of Every Family

These precious little people who go to school, who play so hard, who just mean so much all around—must have new clothes, warm clothes, for Jack Frost time. These are splendid wearables for chubby little girls' and boys' playtime indoors, their games outdoors, school and dress-up time.

Every coat, dress, suit or piece of underwear has been made for real comfort, real service and real good looks. Bob's and Mary's mother should see these things now before first cold winds begin to nip.

Winter Coats at from \$7.50 to \$12.50.
Hats to Match the Coat \$1.75 and \$2.00.
Corduroy Rompers, sizes 2 to 6 at \$3.50.
Knit Caps at from 50c to \$1.00.
Woolen Sports Hose at 75c to \$1.35.

Remember! Saturday is Children's Day in the Store. Everything has been arranged to make it especially pleasant and easy to shop on that day. Bring the children in.

CRIPPLES HURT MINNESOTA'S GRID CHANCES

Loss of Cox and Injuries to String of Quarterbacks Weakens Team

Minneapolis, Minn., Oct. 19.—After the grueling contests they have found themselves in on the past two Saturdays, Bill Spaulding's football warriors at Minnesota have cause to expect nothing less than a gigantic team of frenzied players when they line up Saturday against the North Dakota Flickertails.

If Ames and Haskell were "practice" games, Spaulding and Captain Earl Martineau are keen to be told what a real football contest is likely to develop into. At the same time the whole squad admits willingly that nothing could have been better to put the team on edge than the type of swift, aggressive football played by the season's first two competitors.

Loss of Cox, gallant tackle for the season, when his knee was hurt in the first play he entered will be felt by the Gophers, and Stew Willson was added to the string of disabled quarterbacks for a week or two. Minnesota early can boast the longest list of quarterbacks in the Western Conference, but of the lot—Grose, Foote, Swanbeck, Willson and Guzy, the last named alone is in condition to play Saturday. Except Foote, however, the others will soon be back in the game. Graham, a fast man, is being held apparently as a halfback rather than a quarter.

Captain Martineau showed against Haskell that he is the Marty of old. His sensational 41 yard run for a touchdown, holding the ball in a bandaged hand, was a thrill of the rare variety.

"On Wisconsin" famous Badger march, is now parodied on Northrup Field, where the keynote is "On to Wisconsin." Spaulding's men will open their conference schedule at Madison on Oct. 27, and the 1923 football record of the Minnesota team will be officially written down beginning with that date. Judging from what has come from the Badger camp, it is anyone's game, with no one willing to try a prediction of the result.

"On Wisconsin" famous Badger march, is now parodied on Northrup Field, where the keynote is "On to Wisconsin." Spaulding's men will open their conference schedule at Madison on Oct. 27, and the 1923 football record of the Minnesota team will be officially written down beginning with that date. Judging from what has come from the Badger camp, it is anyone's game, with no one willing to try a prediction of the result.

ZEV MAY NOT FACE PAPYRUS

New York, Oct. 19.—Zev has developed a skin malady which may prevent the Ramocas colt from carrying America's colors in the \$100,000 race with Papyrus tomorrow, it was learned today. The Jockey Club's race committee, however, after inspecting the horse indicated it would withhold decision pending the arrival of Dr. My Own, which has been shipped here prepared to take Zev's place if necessary.

The malady affecting Zev has assumed the proportions of an epidemic at Belmont park where barns have been hit and every precaution is being taken to prevent it reaching the stable where Papyrus is located.

MY OWN ON WAY.
Baltimore, Oct. 19.—The special train of three cars carrying "My Own" to Belmont, N. Y., was delayed a short time here due to a mishap to a locomotive. While the train was being transferred from one track to another one of the driving wheels of the engine went off. Railroad officials said that no damage resulted.

EDDIE COLLINS MAY HEAD SOX

Chicago, Oct. 19.—Eddie Collins, captain and second baseman of the Chicago White Sox, probably will be selected to succeed "Kid" Gleason as manager of the club, it was reported in baseball circles last night, although President Comiskey of the Sox would not confirm or deny the report.

Comiskey said no announcement of Gleason's successor would be made until after the annual meeting of the American League to be held here in December.

STRIBLING SCORE K. O.

Macon, Ga., Oct. 19.—W. L. (Young) Stribling knocked out Steve Chopynski of Milwaukee, in the fifth round of their scheduled 10-round fight here last night.

KANSAS CITY WINS AGAIN

Kansas City, Oct. 19.—Ferdie Schupp pitched Kansas City to a 5-2 victory over the Baltimore Orioles here yesterday and gave his team a three to one lead in games in the inter-league contest. Both pitchers were wild at times, due to the cold northwest wind which in spite of brilliant sunshine chilled the players.

CLINCH!

"Young" Stribling of Georgia and Mike McTigue, world's light heavy champ, lock arms during an exciting moment of their bout in which the decision was changed twice.

and spectators, but Schupp had better luck after his wildness than Groves who worked for Baltimore. Schupp struck out 10 men during the game and pitched shutout ball until the ninth, when Baltimore made two runs. Groves gave way to Ogden in the seventh, after injuring a finger on his right hand during the sixth.

BAT KRAUSE IS BEATEN

Mitchell, S. D., Oct. 19.—Weakened by his recent injuries, Battling Krause, welterweight champion of North Dakota, fought a game but losing fight with Al Van Ryan of St. Paul here last night.

He was knocked down seven times in the last three rounds, but was on his feet fighting gamely at the finish and dashing blood from his face, which ran in a stream from a cut above his right eye.

SUMMONS

STATE OF NORTH DAKOTA, County of Burleigh, In District Court, Fourth Judicial District.
Martin G. Norum, Plaintiff vs. Thomas O'Shaughnessy also known as Thos. O'Shaughnessy and all unknown persons claiming any interest in or lien or incumbrance upon the property described in the complaint.

The State of North Dakota to the above named defendants:

KOPRIVA TO GO ON TRIAL

Bowbells, N. D., Oct. 19.—Charles J. Kopriva, county auditor of Burke County, is scheduled to go on trial in district court tomorrow morning charged with the embezzlement of approximately \$700 worth of hunting licenses funds. The alleged embezzlement, it is alleged, took place to Kopriva's removal from office a year ago. The funds are alleged to have been deposited in Kopriva's personal account. Later, the state charges, Kopriva made restitution.

Rules on Wedded Bliss Supplied

Centerville, Mich., Oct. 19.—County Clerk John Niendorf of St. Joseph county believes that a county clerk's responsibility does not end with the issuance of marriage licenses. He has had printed a supply of cards containing his rules for a successful marriage, and "each couple is given one."

One side of the card carries the county clerk's blessing: "May all your days be as happy as your wedding day."

On the reverse side appear ten "rules" to insure happy marriages. They include:

"Keep up the courtship. Go 50-50 on the money and 50-50 on the love. Make your own home and don't live with relatives. Beware the boarder, and don't be a tightwad."

"They're all good rules," Niendorf said. "I have tried them in my own home, and I know."

AT THE MOVIES

CAPITOL.
If you pick up pictures by their title and you like your films full of action and romance, then don't fail to see "Hell's Hole," with Charles Jones, a William Fox production which is at the Capitol theater tonight. Do you like pretty girls? You will find them in this photoplay. Do you like men who take what they want when they want it? They do just that in this screen creation. Do you like pulse quickening adventure? It is there in full measure in this picture. Do you like red blooded stories well acted and masterfully directed? That is what you will find in "Hell's Hole." Ask your friends and you won't miss the chance to see it tonight.

MARKET NEWS

WHEAT WAVERS AT OPENING

Talk of Importation of Canadian Wheat Weakening Factor

Chicago, Oct. 19.—With talk current about likelihood of increased imports of Canadian wheat into the United States, today said, one wheat market here showed downward tendency during the early dealings. It was asserted that at prevailing prices of flour mills as far south as Kansas could import Canadian wheat at a profit. On the other hand firmness in the corn market exerted a steadying influence on wheat values.

When opening prices which varied from unchanged figures to 5-8 to 3-4 cents lower with Dec. \$1.05 1-2 and May \$1.10 1-4 to 1-2 cents were followed by a moderate general decline and then something of a rally. Subsequently the outlook for Russian competition received further notice and the market dropped under selling by commission houses that were recently active buyers.

The close was heavy 1-2 to 1-3 cents lower with Dec. \$1.04 1-2 to 5-8 and May \$1.09 3-8 to 3-4 cents.

CHICAGO LIVESTOCK

Chicago, Oct. 19.—Receipts \$4,900. Uneven, 15 to 25 cents lower. Top receipts 4,000. Uneven; few steers and yearlings generally steady with weak sheep dealing. Heavy hogs strong to higher.

Sheep receipts 6,000. Steady. Slowly. Hogs strong to higher. Some fat hogs around \$12.20. Most natives to packers \$11.50 to \$12.00.

MINNEAPOLIS FLOUR

Minneapolis, Oct. 19.—Flour unchanged. Shipments 60,044 barrels. Price 25.50 to 25.00.

ST. PAUL LIVESTOCK

St. Paul, Oct. 19.—Cattle receipts 5,000. Slow, generally steady to weak on killing. Kansas Feeder steers and yearlings \$7.00 to \$7.50. Grays fat hogs largely \$7.50 to \$8.00. Few fat up to \$7.50 or higher. Grass-fat steers most-

OBSERVANCE OF NAVY DAY IS ADVOCATED

Mayor Lenhart Issues Proclamation Urging Observance Here on October 27

Observance of Navy Day and Roosevelt Day on October 27 was asked today by Mayor A. E. Lenhart in a proclamation, which follows: "The celebration of National Navy Day and Roosevelt Day, October 27, being the birthday of the late President who did so much for the building of the Navy, has our hearty approval. This government has taken the lead in securing the reduction of naval armament, but under that agreement we should insist on maintaining the relative naval strength of the United States. It is in this way that the peace and security of their nation and the world can be maintained."

"The Navy rendered vital service to the nation and to humanity during the world war. No great fleet action was fought to give spectacular emphasis to its vital contribution to the victory. But the convoy, the anti-submarine patrol, the mine barrier, were essential factors in the winning of the war and the saving of civilization. Do it has been in every crisis of our history. In the Revolution, the War of 1812, the Civil War, the Spanish-American War, victory without the navy would have been virtually impossible."

"The past year has witnessed events which give point to the truth that our navy has not only been a weapon of defense but an instrument of mercy. In the chaos of the Near East, when the Greek army was destroyed and Smyrna burned, the American Navy saved the lives of thousands of innocent sufferers. A multitude of orphans today owe their lives to our fleet. When Japan was stricken by a catastrophe of nature unequalled in modern time, the ships of the American Navy were first on the scene with food for the starving, clothing for the naked and care for the injured. Not only was our Navy in these instances the messenger of charity, generosity and service, but it was the only agency able to act upon the instant in the emergency."

"October 27 will be a holiday in the Navy. American ships in every port will be decorated and open reception held on our vessels."

"Now, therefore, I, A. E. Lenhart, President of the City Commission of Bismarck, being mindful of the glorious service rendered to the nation by the Navy of the past, we should pause for a moment and consider what has caused the nation's prosperity and greatness. The Navy has played a very important part in the progress of America to its present state of influence."

"And I further recommend that all churches, schools and civic organizations of the city devote a part of their program to the observance of National Navy Day and Roosevelt Day, and that flags be placed and kept at full mast on all public buildings in the city."

"Done in the city of Bismarck this 19th day of October, 1923."

A. P. LENDART, President City Commission.

IMPEACHMENT GROUND LAID

At Least 12 Charges to be Contained in Oklahoma Report

Oklahoma City, Oct. 19.—The house investigation committee worked at top speed today to complete a report by Monday of its inquiry into impeachment charges against Governor J. C. Walton.

It had been expected that the report would be presented to the lower house of the legislature today but Rev. W. E. Disney of Muskogee, the committee chairman, announced it would be impossible to finish the work until Monday because of much new evidence brought to light.

At least 12 charges will be made in the report, Rep. Disney, all of which will form the ground for impeachment.

Services For Lois Kitchen Are Held Here

Brief funeral services were held this morning at 9 o'clock for Miss Lois Kitchen, daughter of Commissioner of Agriculture and Labor and Mrs. J. A. Kitchen, who died here after a very brief illness, in the Perry undertaking parlors. The body was taken to Sentinel Butte, where services will be held and burial will take place. Rev. Burns of the city accompanied the body and will officiate.

Merrill Kitchen, a brother, who is a student at the University of North Dakota, arrived here last night. Among those accompanying the body and members of the family to Sentinel Butte were R. B. Murphy, chairman of the board of administration; W. F. Reynolds, deputy commissioner; and C. E. Wright, deputy commissioner of agriculture and labor. Many beautiful floral offerings were received and many messages of condolence were received at the Kitchen home.

65 DEAD IN MINE DISASTER

Shanghai, Oct. 19.—A dispatch from Mukden today says five Japanese and 60 Chinese were killed in an explosion in a coal mine at Latoah. The pit is still filled with gas and relief workers are unable to enter, the dispatch says.

NOTICE OF CHATTEL MORTGAGE FORECLOSURE SALE

Notice is hereby given that whereas default has occurred in the condition of that certain chattel mortgage executed by Henry Wiens as mortgagor to E. B. Sauter as mortgagee, said mortgage thereafter assigned by the mortgagee to Bismarck Music Company and said mortgage subsequently assigned by Bismarck Music Company to Dugden State Bank and said mortgage bearing date the 10th day of September, 1920, said default consisting in the failure of the mortgagor to pay the debt secured thereby and whereas there is now due and unpaid on said indebtedness to the undersigned the sum of \$325.45.

Now therefore, the property described in said mortgage, to-wit: A 15-30 Gas Tractor will be sold pursuant to the Power of sale in such mortgage contained, at the front door of the Post Office in the City of Bismarck, County of Burleigh and State of North Dakota on the 27th day of October 1923, at the hour of 2 o'clock in the afternoon of said day to satisfy the debt secured by said mortgage and the costs and expenses of these foreclosure proceedings.

At Bismarck, North Dakota October 18th, 1923.

Dugden State Bank, Assignee of Mortgage.

ROBIN HOOD COMES HERE

Famous Douglas Fairbanks Films Is Obtained By The Eltinge

No character in history or legend ever appealed more to the imagination for his preponderance of dash and romance than Robin Hood, whose exploits in the Twelfth Century serve to mark that era as one in which the spirit of chivalry reached its zenith. No character in the memory of mankind ever was given such a magnificent opportunity to be impressed permanently so brightly. Douglas Fairbanks masterfully portrays the character in Robin Hood, a United Artists' release coming to the Eltinge theater next Monday is sure to enhance the popularity of this hero since this film undoubtedly will live just as any great novel will a historical background survives the onslaughts of time.

That Robin Hood was a great lover, every version of his meteoric career indicates. He was noted for the manner in which he so rigidly enforced the highest respect for all women. He was gallant to a maximum degree and he never failed to reject any show of masculine misconduct toward the gentler sex. His manner of resentment was always most unpleasant for the offender, too. In order to appreciate what kind of ardor was characteristic of this heroic defender of womanhood, one has only to contemplate one speech accredited to him.

"I love you with all my heart and soul," he declared to the Maid Marian. "Your eyes are to me as the stars on a dark night to foresters who have lost their way. Your voice is sweeter to me than the music of birds. I would sooner be in your company than in the merriest meeting I ever saw on May day."

As a great lover, he was irresistible. He could have won the finest lady of any realm of any age. The entrancing spirit of romance, accentuated by an unerring chivalry, fairly radiated from his every deed and word. His spirit prevailed over gentler hearts as if it were all-potential in inducing joy unalloyed.

North Dakota Men Named To New Committee

Moscow, Oct. 19.—The Federated Farmer-Labor party of America will be asked to affiliate with the new international peasants council according to W. H. Green of Omaha, vice chairman of the national committee of the party. Mr. Green, who was elected a member of the presidium of the council, is sailing for America next week to lay the proposition before the party.

He asserted that the principal aim of the council is to avoid war. It is not confined exclusively to communists or to communist parties, but will leave local questions to the national parties, only acting internationally for the common aims of the peasants and farmers with the workingmen of the cities.

Harold M. Ware of Fargo, N. D., who attended the recent conference at which the council was organized, together with W. H. Walker of Yucca, N. D., and P. M. Smith of Pennsylvania, who did not attend, were chosen with Mr. Green as the American representatives of the executive committee.

FOOD AND RUMMAGE SALE

The ladies of the Fourth Division of the Methodist Ladies' Aid Society will hold a food and rummage sale on Saturday, Oct. 20th, at the Sorenson Hardware Store.

Jeff raised his head. He strained his eyes to see whether he had a six-gun in his hand. The light was withered.

"You're yelling," he yelled.

"You came no sasser. 'Don't shoot' he called again. But tell the other was silent. And then, taking his chance, Jeff kicked his pony and dashed at full speed to where the mounted man, threw the reins and dismounted.

The sheriff was waving an empty hand at him. Jeff ran to him.

Next instant he let out a whoop.

"Bill, Bill, by all the holy r—"
The mounted old man, "Bill," he roared.

"That bullet hit me in the neck, didn't hurt me. I rode all this way to tell you to come back; it's all right." But he staggered on his arms.

Jeff knelt down and took the contents to his horse.

SAYS WOMEN OF U. S. WILL LOSE BEAUTY

This Biologist Sinks Into
Deepest Pessimism at
Kansas Meeting

Topeka, Kan., Oct. 19.—(By the Associated Press)—The American woman is rapidly becoming ugly, Albert Edward Wiggam, biologist and publicist of New York, declared in an address prepared for delivery here today before a group of Kansas teachers.

"Our beautiful women soon will cease to exist except in pictures and statues," Mr. Wiggam asserted. He based his conclusion on the disparity between birth rate of American women of the highest type and that among low class immigrants.

"By this process the American woman is rapidly becoming ugly," he said. "With a decline in beauty there always comes a decline in intelligence. Every decline in intelligence brings a decline in morals for intelligent people are more moral than stupid people. The crime wave is no mystery to biologists who have studied crime among the unfit in the last 100 years."

"There is only one way out. The old family ideals must be restored to the old American homestead with its good sized family of well-born children must be rebuilt. The mother must replace the flapper as the national ideal. Motherhood must again become fashionable among our upper classes as it was two generations ago. Sound education along lines of race improvement is our only salvation. Otherwise American history will soon be written only in its ruins."

Hair Grown or no money!

Falling hair. Lifeless hair. Partial baldness. We guarantee, in writing, to correct it. The hair roots can be revived, given new life. Science has discovered new principles. The Van Ess Liquid Scalp Massage combats that infected sebum which clings to hair and destroys it. Patented applicator free with each bottle massages germ combating elements directly to hair roots. Results are amazing. Ask your druggist for the Van Ess treatment and the 90-day guarantee plan.

FROST RITES AT TIMMER

The body of Mrs. Sarah Frost, pioneer of North Dakota, who died at her residence in Bismarck early yesterday, was taken to Timmer this afternoon on No. 7, where funeral services will be held tomorrow. Mr. and Mrs. Frost pioneered south of Flasher.

RESIGNS AFTER KLAN CHARGE

High Official of Scottish Rite
Masons Quits Post

Washington, Oct. 19.—Judge George Fleming Moore, past sovereign grand commander of the supreme council and inspector-general of Scottish Rite Masons in Alabama, resigned from the supreme council today after a discussion over the Ku Klux Klan.

During the debate Mr. Moore was charged by members of the council of using his weekly publication, "The Fellowship Forum" issued here for furthering aims of the Klan.

MINIATURE T. R. CABIN BUILT HERE

Work of Bismarck High
School Boys Will Be Ex-
hibited in New York

A miniature of the Theodore Roosevelt log cabin which stands on the statehouse grounds has been completed by nine boys in the freshman class in manual training at the Bismarck high school. The little log cabin will be forwarded to New York by the Woman's Roosevelt Memorial Association and probably placed in "Roosevelt House", the birthplace of the former president, on his birthday anniversary, October 27.

The nine boys who volunteered to make the miniature are Edmond O'Hare, Milford Dresbach, Herbert Bender, Leonard Anderson, John Birdsell, Francis Nussle, Henry Barneck, Gerald Zettel and Sidney Hoffman.

They worked under the direction

FLAX POOL IS PLANNED

Farm Bureau Federation
Takes Step to Arrange
Organization

Fargo, Oct. 19.—The Executive committee of the North Dakota Farm Bureau Federation in the two-day session which closed yesterday, launched two cooperative marketing systems. Preliminary steps for organization for one of them, a potato growers marketing plan, were taken at a previous meeting of the committee and yesterday the work was formally launched. The other move started is for a cooperative flax marketing system including the four principal flax growing states, North Dakota, South Dakota, Montana and Minnesota.

For the potato organization a

committee was set to work composed of R. C. Kiel, Hankinson, George Rust, Marion, George Wolf, Goffax, I. M. Rasmussen, Doyon, John Dawson, Mandan, Franklin Page, Hamilton, A. J. McInnes, Valley City and W. C. Macfadden, secretary of the North Dakota Bankers' Association, Fargo, and others, were named. The members named attended the session yesterday. They voted that the chairman, A. J. McInnes, name an executive committee of five. This executive committee will select a competent manager for the organization drive.

ELIHU ROOT REPORTED ILL

New York, Oct. 19.—Elihu Root is suffering from an attack of kidney trouble and is confined to his bed here, his secretary said today. Doctors were reported to have discovered a stone in the left kidney which

they hoped to remove without an operation.

MOTHER!

Baby's Best Laxative Is
"California Fig Syrup"

When baby is constipated, has wind-colic, feverish breath, coated-tongue, or diarrhea, a half teaspoonful of genuine "California Fig Syrup" promptly moves the poisons, gases, bile, souring food and waste right out. Never cramps or overacts. Babies love its delicious taste.

Ask your druggist for genuine "California Fig Syrup" which has full directions for infants in arms, and children of all ages, plainly printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

SHEEP DISTRIBUTED

Fargo, Oct. 19.—A thousand head of sheep, purchased in Montana, are being distributed among the farmers of Michigan, N. D., district this week, according to G. W. Lincoln, agricultural development agent for the Great Northern. Mr. Lincoln left last evening for Michigan to aid in the distribution of these sheep, which will form the foundation for the sheep-raising industry in that section.

**Guard Your Children's Health
Lackawanna Twins
Underwear**

ON these unsettled days, children are so apt to catch cold unless clothed in proper Underwear. They play, get heated, then stand in the cold wind. The sure way is to clothe them in Lackawanna Twins, the All Winter Weather Underwear. Lackawanna Twins Underwear is fashioned out of the purest wool fabric with just enough cotton in it to keep it soft and absorbent and to prevent shrinking. It gives warmth on the coldest days, and the utmost in comfort on the mild days. It never scratches or itches, and never gets wet with perspiration. Allows perfect ventilation, yet heavy enough to withstand the coldest weather.
